PLEASE SEND ALL CV's to admin@laoma.co.za, references and certificate of service compulsory

Die net en visse waarop daar beslag gelê is tydens die inhegtenisname.

Nagenoeg 100 visse gekry met arrestasie van twee

Twee persone is verlede week in die Vredefort Koepel in hegtenis geneem na skitterende samewerking tussen Vredefort Koepel GPF-lede en die Vredefort-polisie.

Beslag is ook op 100 vars visse gelê, waaronder modderbekke, moggels en geelvisse wat met nette in die Vaalrivier gevang is, asook 'n spannet, kano en 'n wit Ford Ranger. Die inhegtenisname was danksy die oplettheid van 'n beriggewer wat opgemerk het dat die verdagte voertuig vir 'n week lank elke dag in en uit die Koepel beweeg het. Die Vredefort Koepel Gemeenskap Polisiëring Forum (GPF) is in kennis gestel, waarop die mans wat nie Suid-Afrikaanse burgers is nie, met die visse, net en kano vasgetrek is.

Beriggewers is van onskatbare waarde in die bekamping van misdaad en het die nuutgestigte en dinamiese Koepel Boerevereniging 'n tyd gelede al die behoefte raakgesien vir 'n inligtingsfonds waarmee beriggewers betaal kan word vir inligting wat lei tot die suksesvolle inhegtenisname van vermeende misdadigers. Die fonds word deur die Boerevereniging bestuur, en die Vredefort Koepel gemeenskap dra by tot die fonds.

Die samewerking tussen die GPF en die gemeenskap, en doeltreffende inligtingsnetwerk waarmee pro-aktief opgetree kan word, het verskeie suksesvolle inhegtenisnames in die Vredefort Koepel al tot gevolg gehad. Die mans sou Maandag voor die hof verskyn het.

APPLICATION FOR POSTPONEMENT OF CERTAIN REQUIREMENTS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT: AIR QUALITY ACT - MINIMUM EMISSION STANDARDS, FOR NATREF PETROLEUM REFINERS OF SOUTH AFRICA (PTY) LTD IN SASOLBURG

INVITATION TO REGISTER AND COMMENT

National Petroleum Refiners of South Africa (Pty) Ltd (Natref), South Africa's only inland crude oil refinery, is jointly owned by Sasol South Africa (Pty) Ltd and Total South Africa (Pty) Ltd and is located in Sasolburg, Free State.

Natref is required to comply with Minimum Emission Standards (MES), published in terms of the National Environmental Management: Air Quality Act (Act No 39 of 2004).

Natref intends to apply for a postponement regarding the availability requirements of its Sulfur Recovery Unit outside of the Turnaround and Inspection shutdowns, located at its facility in Sasolburg.

Part 2 of the MES allows for application for postponement of certain requirements. As part of the application, Natref must submit an Atmospheric Impact Report (AIR) supported by detailed justification and reasons for the application and must undertake a public participation process in accordance with the Environmental Impact Assessment Regulations.

Natref has appointed SRK Consulting (South Africa) (Pty) Ltd (SRK) to assist it in preparing the Motivation Report that will detail Natref's justification and reasons for the application, and to undertake the public participation process. Airshed Planning Professionals (Pty) Ltd (Airshed) has been appointed to prepare the AIR in support of the Motivation Report.

Stakeholders are invited to register as Interested and Affected Parties (I&APs) for this application process. To obtain more information and a Background Information Document (BID), or to submit your comments, go to the online registration or contact Philippa Burmeister or Romi Bellusci at SRK:

Tel: +27(0)31 279 1200 Fax: +27(0)31 279 1204,

APPLICATION FOR POSTPONEMENT OF CERTAIN REQUIREMENTS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT: AIR QUALITY ACT NO. 39 OF 2004 - MINIMUM EMISSION STANDARDS, FOR SASOLBURG OPERATIONS, A DIVISION OF SASOL SOUTH AFRICA LIMITED, IN SASOLBURG

INVITATION TO REGISTER AND COMMENT

F754

Sasol South Africa Limited (Sasol) operating through its Sasolburg Operations (SO) owns and operates a petrochemical facility in Sasolburg in the Free State, among others. Sasol is required to comply with Minimum Emission Standards, 2013 (MES), published in terms of the National Environmental Management: Air Quality Act (Act No 39 of 2004).

Between 2013 and 2017 Sasol undertook a process to apply for postponements from the compliance timeframes of the MES and Sasol has been granted certain postponements. However, new more stringent standards will come into effect from April 2020 and Sasol will be challenged to meet the 2020 new plant standards in certain instances.

Sasol therefore intends to apply for postponements for its Steam Stations and Incinerators at its operations in Sasolburg.

Part 2 of the MES allows for application for postponement of certain requirements. As part of the application, Sasol must submit an atmospheric impact report (AIR) supported by detailed justification and reasons for the application and must undertake a public participation process in accordance with the Environmental Impact Assessment Regulations. Sasol has appointed SRK Consulting (South Africa) (Pty) Ltd (SRK) to assist it in preparing the Motivation Report that will detail SO's justification and reasons for the application, and to undertake the public participation process. Airshed Planning Professionals (Pty) Ltd (Airshed) has been appointed to prepare the AIR in support of the Motivation Report.

Stakeholders are invited to register as Interested and Affected Parties (I&APs) for this application process. To obtain more information and a Background Information Document (BID), or to submit your comments, please follow the link below to the online registration site or contact Philippa Burmeister or Romi Bellusci at SRK:

KENNISGEWINGS

**AANSOEK OM UITSTEL VAN SEKERE VEREISTES VAN DIE WET OP NASIONALE OMGEWINGSBESTUUR:
LUGGEHALTE, WET NO 39 VAN 2004 – MINIMUM EMISSIESTANDAARDE
VIR SASOLBURG OPERATIONS, 'N AFDELING VAN SASOL SUID-AFRIKA BEPERK, IN SASOLBURG**

UITNODIGING OM TE REGISTREER EN KOMMENTAAR TE LEWER

Sasol Suid-Afrika Beperk (Sasol) wat deur sy Sasolburg Operations (SO) werksaam is, besit en bedryf onder meer 'n petrochemiese fasiliteit in Sasolburg in die Vrystaat. Daar word van Sasol vereis om aan die Minimum Emissiestandaard, 2013 (MES) te voldoen wat kragtens die Wet op Nasionale Omgewingsbestuur: Luggehalte (Wet No 39 van 2004) uitgevaardig is.

Sasol het tussen 2013 en 2017 'n proses onderneem om aansoek te doen om uitstel van die tydraamwerke vir nakoming van die MES en sekere uitstelle is aan Sasol toegeken. Nuwe, strenger standaarde sal egter vanaf April 2020 in werking tree en Sasol sal in sekere gevalle dit moeilik vind om in 2020 aan die nuwe aanlegstandaarde te voldoen.

Sasol is dus voornemens om aansoek te doen om uitstel vir sy Stoomstasies en Verbranders by sy werksaamhede in Sasolburg.

Deel 2 van die MES maak voorsiening vir aansoek om uitstel van sekere vereistes. Sasol moet as deel van die aansoek 'n atmosferiese impakverslag (AIR) indien, ondersteun deur 'n breedvoerige regverdiging en redes vir die aansoek, en moet kragtens die Omgewingsimpakbepaling-regulasies 'n openbare deelnameproses onderneem. Sasol het SRK Consulting (Suid-Afrika) (Edms) Bpk aangestel om behulpsaam te wees met die voorbereiding van die Motiveringsverslag wat SO se regverdiging en redes vir die aansoek uiteensit, en om die openbare deelnameproses te hanteer. Airshed Planning Professionals (Edms) Bpk (Airshed) is aangestel om die AIR ter ondersteuning van die Motiveringsverslag op te stel.

Belanghebbendes word genooi om as belangstellende en geaffekteerde partye (B&G'e) vir hierdie aansoekproses te registreer. Vir verdere inligting en 'n Agtergrondinligtingsdokument (BID), of om u kommentaar in te dien, volg asseblief die skakel hieronder na die aanlyn registrasieblad of tree in verbinding met **Philippa Burmeister of Romi Bellusci** by SRK:

Tel:+27(0)31 279 1200 Faks: +27(0)31 279 1204, Skakel na aanlyn registrasie: <https://arcg.is/H05W9>
E-pos: pburmeister@srk.co.za / rbellusci@srk.co.za

Hoofontvangs van Sasolburg Operations	Klasie Havenga-weg 1, Sasolburg	016 960 2014 / 2976

SPERDATUM VIR REGISTRASIE AS B&GP'e: 09 November 2018

**AANSOEK OM UITSTEL VAN SEKERE VEREISTES VAN DIE WET OP NASIONALE OMGEWINGSBESTUUR: LUGGEHALTE – MINIMUM EMISSIESTANDAARDE
VIR NATREF PETROLEUM REFINERS OF SOUTH AFRICA (EDMS) BPK IN SASOLBURG**

UITNODIGING OM TE REGISTREER EN KOMMENTAAR TE LEWER

National Petroleum Refiners of South Africa (Edms) Bpk (Natref), Suid-Afrika se enigste binnelandse ruolieraffinadery, is in gesamentlike besit van Sasol Suid-Afrika (Edms) Bpk en Total Suid-Afrika (Edms) Bpk en is in Sasolburg in die Vrystaat geleë.

Daar word van Natref vereis om aan die Minimum Emissiestandaard (MES) te voldoen wat kragtens die Wet op Nasionale Omgewingsbestuur: Luggehalte (Wet No 39 van 2004) uitgevaardig is.

Natref is voornemens om aansoek te doen om uitstel ten opsigte van die beskikbaarheidsvereistes van sy Eenheid Swaelherwinning buiten die Omkeer- en Inspeksiesluitings, geleë by sy fasiliteit in Sasolburg.

Deel 2 van die MES maak voorsiening vir aansoek om uitstel van sekere vereistes. Natref moet as deel van die aansoek 'n atmosferiese impakverslag (AIR) indien, ondersteun deur 'n breedvoerige regverdiging en redes vir die aansoek, en moet kragtens die Omgewingsimpakbepaling-regulasies 'n openbare deelnameproses onderneem.

Natref het SRK Consulting (Suid-Afrika) (Edms) Bpk aangestel om behulpsaam te wees met die voorbereiding van die Motiveringsverslag wat Natref se regverdiging en redes vir die aansoek uiteensit, en om die openbare deelnameproses te hanteer. Airshed Planning Professionals (Edms) Bpk (Airshed) is aangestel om die AIR ter ondersteuning van die Motiveringsverslag op te stel.

Belanghebbendes word genooi om as belangstellende en geaffekteerde partye (B&G'e) vir hierdie aansoekproses te registreer. SPERDATUM VIR REGISTRASIE EN KOMMENTAAR: 09 November 2018

President Cyril Ramaphosa has urged families and communities to support the 2018 matric class as they start their final exams on Monday. “I call on families, communities and our country at large to stand by our matrics and offer them all the support they need to excel in these examinations. All of us look forward to celebrating with the Class of 2018,” said President Ramaphosa on Monday.

The 2018 National Senior Certificate (NSC) examinations kick off today with the first practical examinations in Computer Examinations Technology (CAT). A total of 37 340 candidates are expected to sit for the exam. President Ramaphosa offered his best wishes to the 796 542-strong Class of 2018, who will write the matric examinations. “Your success in obtaining the National Senior Certificate will unlock new possibilities in your own life and for our country.” The first citizen also had some advice for the class of 2018. “Your best defence against the stresses that naturally accompany examinations is to give yourself the best chance possible through adequate preparation. Discipline today means success tomorrow,” he said.

The matric examinations will be administered at 6 888 examination centres countrywide until 28 November 2018. The President said the nation is proud of the pupils who have reached this important milestone.

Best of luck matrics!

President Ramaphosa also expressed his appreciation to the Department of Basic Education and educators for having prepared the Class of 2018 for this milestone in the course of 12 years. The President’s good wishes to the class of 2018 were also expressed by the National Youth Development Agency (NYDA).

The agency expressed its confidence in the preparedness of learners who will sit for the exams. This, said the agency, stemmed from the large number of learners that visited its offices across the country to apply for the National Student Financial Aid Scheme (NSFAS). “This period presents learners with a challenging yet exciting few weeks. Learners across all provinces must enter with the right frame of mind and clear-cut strategy, which will make the difference between an average and exceptional performance, opening doors to achieve their dreams,” said NYDA chairperson Sifiso Mtsweni.

Solomon Mahlangu Scholarship Fund

The NYDA established the Solomon Mahlangu Scholarship Fund to cover studies in various fields relating to critical and scarce skills. To date, the scholarship has benefitted and produced over 100 graduates. “We cannot express

the joy in our hearts in anticipation of yet another cohort of learners that will benefit from the Solomon Kalushi Mahlangu Scholarship Fund opening at the end of October. To all learners: good luck, work hard and keep focus,” said Mtsweni.

Umalusi

On Friday, quality assurer Umalusi said it has completed its groundwork ahead of the 2018 NSC examinations, saying it is confident that they will be rolled out in a credible manner.

At a media briefing in Johannesburg, the council said it has reconceptualised

its approach to the quality assurance of assessment, with specific reference to 10 key focus areas. These include management, registration of candidates, school-based assessment, printing, packaging and distribution of question papers, the conduct of examinations, appointment of marking personnel, system for the capturing of marks, management of examination irregularities, the accreditation of examination centres and as well as certification.

Sasolburg produces top mind sports athletes

SASOLBURG. - Fakkel School of Skills in town hosted a very successful South African National Championships for Mind Sports on 1 & 2 December for the second consecutive year.

Mrs Amanda Pakade, President of Mind Sports South Africa thanked Mr Boshoff, Mr Henry Colin and Mr Cobus van der Wath (Free State Provincial Director for Mind Sports SA) for hosting a very well organised event to welcome players from around South Africa. Mr Kenneth Middleton from Botswana who attended proceedings, also congratulated Mind Sports SA on a successful event. Sasolburg produced no less than 13 national champions within the various disciplines and categories and scooped up 42 medals in the process which is an outstanding achievement. Mind Sports South Africa is the National Federation for gaming disciplines such as Board Games, Card Games, eSports, Robotics and Wargames.

Mind Sports is growing at a rapid pace in South Africa and the Federation also had a strong year on its managerial side, with Leonard Loftus being elected onto the Executive Board of the African Draughts Federation (ADF) and Colin Webster being elected as the President of the International

Esports Federation (IESF). eSports is by far the biggest sport in the world now and carries a huge percentage of the world's economy; intellect; digital, virtual and technological development.

With the world recognising the leadership capacity of Mind Sports South Africa now, the Federation is set to grow even faster.

South Africa always produced strong thinkers. Mind Sports South Africa is the vehicle which promotes the development of intellectual advancement and provides its athletes the opportunity to compete internationally, obtain scholarships, bursaries as well as administrative development in the form of umpire and coaching training programmes.

* Call Cobus van der Wath at 082 214 2868 for further information.

Leonard Loftus and Colin Webster (Mind Sports South Africa Executive Committee Members) Leonard Loftus (African Draughts Federation Executive Board Member) Colin Webster (President of the International Esports Federation & President of the International Wargames Federation).

N.O.T.I.C.E.S

APPLICATION FOR POSTPONEMENT OF CERTAIN REQUIREMENTS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT: AIR QUALITY ACT - MINIMUM EMISSION STANDARDS, FOR NATREF PETROLEUM REFINERS OF SOUTH AFRICA (PTY) LTD IN SASOLBURG

INVITATION TO PARTICIPATE AND COMMENT

National Petroleum Refiners of South Africa (Pty) Ltd (Natref), South Africa's only inland crude oil refinery, is jointly owned by Sasol South Africa (Pty) Ltd and Total South Africa (Pty) Ltd and is located in Sasolburg, Free State. Natref is required to comply with Minimum Emission Standards (MES), published in terms of the National Environmental Management: Air Quality Act (Act No 39 of 2004).

Natref intends to apply for a postponement from the compliance timeframes regarding the availability requirements of its Sulfur Recovery Unit outside of the Turnaround and Inspection shutdowns, located at its facility in Sasolburg.

Part 2 of the MES allows for application for postponement of certain requirements. As part of the application, Natref must submit an Atmospheric Impact Report (AIR) supported by detailed justification and reasons for the application and must undertake a public participation process in accordance with the Environmental Impact Assessment Regulations.

Natref has appointed SRK Consulting (South Africa) (Pty) Ltd (SRK) to assist it in preparing the Motivation Report that will detail Natref's justification and reasons for the application, and to undertake the public participation process. Airshed Planning Professionals (Pty) Ltd (Airshed) has been appointed to prepare the AIR in support of the Motivation Report.

The Draft Motivation Report and AIR will be available for public comment before the end of December, however the official comment period will be from **Monday 7 January 2019 to Wednesday 6 February 2019**. Electronic versions of the reports and comment sheets will be available on SRK's website at: <https://www.srk.co.za/en/za-natref-2019-mes-postponement-applications>. Electronic copies are also available on request from the Stakeholder Engagement Office at SRK. In addition, printed copies of the report and comment sheets will be available at the following publicly accessible venues for stakeholders to view and comment on:

Public Place	Address	Telephone
Sasolburg Public Library	John Vorster Avenue, Sasolburg	016 973 8463
Zamdela Library	Next to Zamdela Hall on the Main Road, Zamdela	016 974 2163
Metsimaholo Local Municipality	Fichardt Street, Sasolburg	016 973 8316
Natref Site Reception	Jan Haak Street, Sasolburg	016 940 2303/2160

To facilitate comment on the Draft Motivation Report and AIR, two public open days will be held as follows:

Date	Time	Venue
21 January 2019	12h00 – 18h00	Boiketlong Community Hall
23 January 2019	12h00 – 18h00	Multi-Purpose Centre, Harry Gwala

APPLICATION FOR POSTPONEMENT OF CERTAIN REQUIREMENTS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT: AIR QUALITY ACT NO. 39 OF 2004 - MINIMUM EMISSION STANDARDS, FOR SASOLBURG OPERATIONS, A DIVISION OF SASOL SOUTH AFRICA LIMITED, IN SASOLBURG

INVITATION TO PARTICIPATE AND COMMENT

Sasol South Africa Limited (Sasol) operating through its Sasolburg Operations (SO), owns and operates a petrochemical facility in Sasolburg in the Free State, among others. Sasol is required to comply with Minimum Emission Standards, (MES), published in terms of the National Environmental Management: Air Quality Act (Act No 39 of 2004).

Between 2013 and 2017 Sasol undertook a process to apply for postponements from the compliance timeframes of the MES and Sasol has been granted certain postponements. However, new more stringent standards will come into effect from April 2020 and Sasol will be challenged to meet the 2020 new plant standards in certain instances.

Sasol therefore intends to apply for postponements from the compliance timeframes for its Steam Stations and three Incinerators at its operations in Sasolburg.

Part 2 of the MES allows for application for postponement of certain requirements. As part of the application, Sasol must submit an atmospheric impact report (AIR) supported by detailed justification and reasons for the application and must undertake a public participation process in accordance with the Environmental Impact Assessment Regulations. Sasol has appointed SRK Consulting (South Africa) (Pty) Ltd (SRK) to assist it in preparing the Motivation Report that will detail SO's justification and reasons for the application, and to undertake the public participation process. Airshed Planning Professionals (Pty) Ltd (Airshed) has been appointed to prepare the AIR in support of the Motivation Report.

The Draft Motivation Report and AIR will be available for public comment before the end of December 2018, however the official comment period will be from **Monday 7 January 2019 to Wednesday 6 February 2019**. Electronic versions of the reports and comment sheets will be available on SRK's website at: <https://www.srk.co.za/en/za-sasol-2019-mes-postponement-applications>. Electronic copies are also available on request from the Stakeholder Engagement Office at SRK. In addition, printed copies of the reports and comment sheets will be available at the following publicly accessible venues for stakeholders to view and comment on:

Public Place	Address	Telephone
Sasolburg Public Library	John Vorster Avenue, Sasolburg	016 973 8463
Zamdela Library	Next to Zamdela Hall on the Main Road, Zamdela	016 974 2163

Hond verdrink byna in riool

Carla Pretorius

VEREENIGING. – Pauline Dednam (63) van Leeuhof sit met haar hande in haar hare met die rioolprobleem in haar straat waaraan daar nie aandag gegee word nie.

Riool stroom nou al vir twee maande in Kudustraart en Elandlaan. Die laaste strooi was toe haar hondjie, Thasha, byna verdrink het nadat sy in ‘n riool-drein beland het nadat die plaat meegee het. “Net haar neusie en mondjie het

uitgesteek, maar gelukkig kon ons haar red, “ sê Pauline.

Die situasie is baie onhigiënies en ongemaklik. Ons weet nie meer watter kant toe nie, want niemand kom maak die gemors reg nie. Die riool loop nie net in die straat nie, maar ook in die erwe en hou ‘n gesondheidsgevaar in.

Vaalweekblad het navrae aan die Emfuleni Plaaslike Munisipaliteit gerig, maar het teen druktyd nog geen terugvoer ontvang nie.

Thasha, Pauline se hondjie het byna in riool verdrink.

KENNISGEWINGS

AANSOEK OM UITSTEL VAN SEKERE VEREISTES VAN DIE WET OP NASIONALE OMGEWINGSBESTUUR: LUGGEHALTE – MINIMUM EMISSIESTANDAARDE VIR NATREF PETROLEUM REFINERS OF SOUTH AFRICA (EDMS) BPK IN SASOLBURG

UITNODIGING OM DEEL TE NEEM EN KOMMENTAAR TE LEWER

National Petroleum Refiners of South Africa (Edms) Bpk (Natref), Suid-Afrika se enigste binnelandse ruolieraffinadery, is in gesamentlike besit van Sasol Suid-Afrika (Edms) Bpk en Total Suid-Afrika (Edms) Bpk en is in Sasolburg in die Vrystaat geleë.

Daar word van Natref vereis om aan die Minimum Emissiestandaard (MES) te voldoen wat kragtens die Wet op Nasionale Omgewingsbestuur: Luggehalte, Wet 39 van 2004 uitgevaardig is.

Natref is voornemens om aansoek te doen om uitstel van die nakomingspertyd ten opsigte van die beskikbaarheidsvereistes van sy Eenheid Swaelherwinning buiten die Omkeer- en Inspeksiesluitings, geleë by sy fasiliteit in Sasolburg.

Deel 2 van die MES maak voorsiening vir aansoek om uitstel van sekere vereistes. Natref moet as deel van die aansoek ‘n Atmosferiese Impakverslag (AIR) indien, ondersteun deur ‘n breedvoerige regverdiging en redes vir die aansoek, en moet kragtens die Omgewingsimpakbepaling-regulasies ‘n openbare deelnameproses onderneem.

Natref het SRK Consulting (Suid-Afrika) (Edms) Bpk aangestel om behulpsaam te wees met die voorbereiding van die motiveringsverslag wat Natref se regverdiging en redes vir die aansoek uiteensit, en om die openbare deelnameproses te hanteer. Airshed Planning Professionals (Edms) Bpk (Airshed) is aangestel om die AIR ter ondersteuning van die motiveringsverslag op te stel.

Die konsep-Motiveringsverslag en AIR sal voor die einde Desember 2018 vir openbare kommentaar beskikbaar wees, maar die amptelike tydperk vir die lewering van kommentaar sal vanaf **Maandag 7 Januarie 2019 tot Woensdag 6 Februarie 2019** wees. Elektroniese weergawes van die verslae en kommentaarblaai sal op SRK se webwerf by <https://www.srk.co.za/en/za-natref-2019-mes-post-ponement-applications> beskikbaar wees. Elektroniese afskrifte is ook op versoek beskikbaar van die belanghebbende-skakelkantoor by SRK. Gedrukte afskrifte van die verslag en kommentaarblaai sal ook by die volgende openbare plekke toeganklik wees vir belanghebbendes om te besigtig en kommentaar op te lewer:

Openbare plek	Adres	lokaal
Sasolburg Openbare Biblio-teek	John Vorster-laan, Sasolburg	016 973 8463
Zamdela Biblioteek	Langsaan Zamdela-saal in Hoofweg, Zamdela	016 974 2163
Metsimaholo Plaaslike Muni-sipaliteit	Fichardtstraat, Sasolburg	016 973 8316
Ontvangs by die Natref-terrein	Jan Haak-straat, Sasolburg	016 940 2303/2160

Ten einde kommentaar op die konsep-motiveringsverslag en AIR te fasiliteer, sal twee openbare opedae soos volg gehou word:

Datum	Tyd	Lokaal
21 January 2019	12h00 – 18h00	Boiketlong Community Hall
23 January 2019	12h00 – 18h00	Multi-Purpose Centre, Harry Gwala

AANSOEK OM UITSTEL VAN SEKERE VEREISTES VAN DIE WET OP NASIONALE OMGEWINGSBESTUUR: LUGGEHALTE, WET 39 VAN 2004 – MINIMUM EMISSIESTANDAARDE VIR SASOLBURG OPERATIONS, ‘N AFDELING VAN SASOL SUID-AFRIKA BEPERK, IN SASOLBURG

UITNODIGING OM DEEL TE NEEM EN KOMMENTAAR TE LEWER

Sasol Suid-Afrika Beperk (Sasol) wat deur sy Sasolburg Operations (SO) werksaam is, besit en bedryf onder meer ‘n petrochemiese fasiliteit in Sasolburg in die Vrystaat. Daar word van Sasol vereis om aan die Minimum Emissiestandaard (MES) te voldoen wat kragtens die Wet op Nasionale Omgewingsbestuur: Luggehalte, Wet 39 van 2004 uitgevaardig is.

Sasol het tussen 2013 en 2017 ‘n proses onderneem om aansoek te doen om uitstel van die nakomingspertyd van die MES en uitstel is wel aan Sasol toegeken. Nuwe, strenger standaard sal egter vanaf April 2020 in werking tree en Sasol sal in sekere gevalle dit moeilik vind om in 2020 aan die nuwe aanlegstandaarde te voldoen.

Sasol is dus voornemens om aansoek te doen om uitstel van die nakomingspertyd vir sy stoomstasies en drie verbranders by sy werksaamhede in Sasolburg.

Deel 2 van die MES maak voorsiening vir aansoek om uitstel van sekere vereistes. Sasol moet as deel van die aansoek ‘n atmosferiese impakverslag (AIR) indien, ondersteun deur ‘n breedvoerige regverdiging en redes vir die aansoek, en moet kragtens die Omgewingsimpakbepaling-regulasies ‘n openbare deelnameproses onderneem. Sasol het SRK Consulting (Suid-Afrika) (Edms) Bpk aangestel om behulpsaam te wees met die voorbereiding van die motiveringsverslag wat SO se regverdiging en redes vir die aansoek uiteensit, en om die openbare deelnameproses te hanteer. Airshed Planning Professionals (Edms) Bpk (Airshed) is aangestel om die AIR ter ondersteuning van die motiveringsverslag op te stel.

Die konsep-motiveringsverslag en AIR sal voor die einde Desember 2018 vir openbare kommentaar beskikbaar wees, maar die amptelike tydperk vir die lewering van kommentaar sal vanaf **Maandag 7 Januarie 2019 tot Woensdag 6 Februarie 2019** wees. Elektroniese weergawes van die verslae en kommentaarblaai sal op SRK se webwerf by <https://www.srk.co.za/en/za-sasol-2019-mes-post-ponement-applications> beskikbaar wees. Elektroniese afskrifte is ook beskikbaar op versoek van die belanghebbende-skakelkantoor by SRK. Gedrukte afskrifte van die verslae en kommentaarblaai sal ook by die volgende openbare plekke toeganklik wees vir belanghebbendes om te besigtig en kommentaar op te lewer:

Public Place	Address	Telephone
Sasolburg Openbare Biblioteek	John Vorster Avenue, Sasolburg	016 973 8463

Applying for government jobs made easier online

Job seekers will soon be able to apply for government jobs through the e-Recruitment system that was launched by Public Service and Administration Minister Ayanda Dlodlo. Addressing the launch on Wednesday, the Minister said the e-Recruitment system is being phased in starting with the Department of Public Service and Administration (DPSA), which is expected to go live on Wednesday and it will be speedily rolled out to the whole public service.

"The e-Recruitment system is part of a government-wide process to make it simpler and easier for people, especially the youth, to apply for job opportunities in the public service. "The process will also include a review of regulations for all entry level posts in the public service to allow the recruitment of new entrants without prior experience into entry level jobs," Dlodlo said.

She said it is indisputable that the current recruitment processes are cumbersome for job-seekers and government departments have not moved or evolved with the changing technological advancements. "For job-seekers, the new e-Recruitment system will be beneficial because it is web based and accessible from different locations for all job seekers who submit applications to a centralised database," she said.

The Minister said the system will enable the applicants to post their CVs and supporting documents once and the process will save them the cost of making multiple copies for applications. "It is important to stress that applications for jobs in the Public Service will still be accepted through the physical Z83 forms to accommodate those who do not have access to the internet and will also be available in an online digital for-

mat to allow for a quick and easy application process for those who have internet," she said.

The Minister said a benefit for government departments is that the system allows them to advertise posts electronically and therefore reduces the cost of current methods of advertising in newspapers. This innovative process is a collaborative effort between the Department of Public Service and Administration and the Gauteng Department of e-Government.

The Gauteng Department of e-Government provides the required resources to operate the system, while the State Information Technology Agency is partnering on the provision of technical and infrastructure development skills. "Through the launch of e-Recruitment, as government, we demonstrate our commitment to uplifting the lives of our people, especially the youth and graduates.

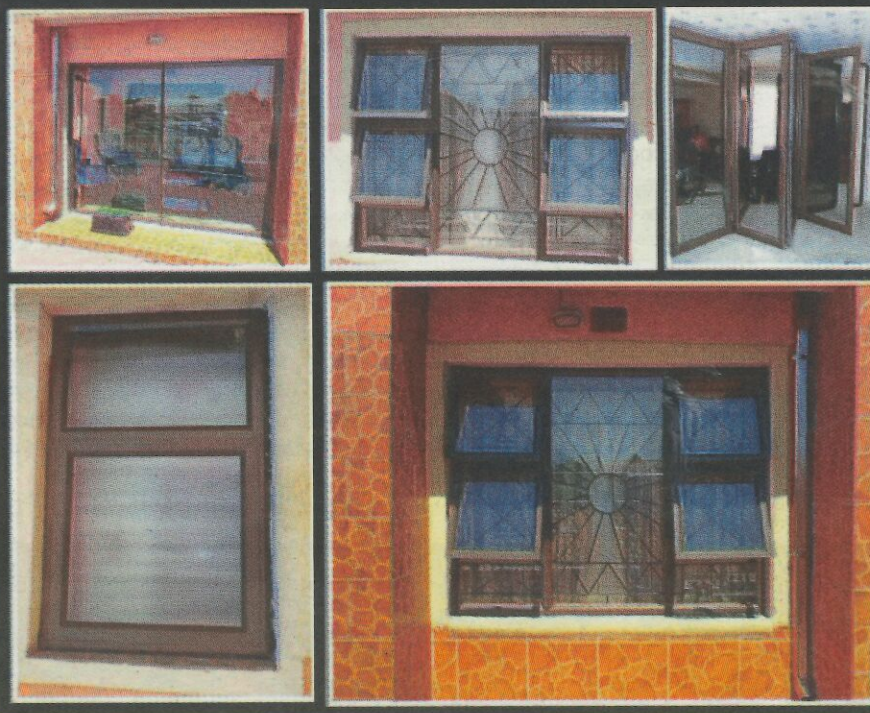

"It is also a demonstration that the Public Service is evolving and embracing the technological innovations presented by the 4th Industrial Revolution. This launch is part of the bigger message that the public service does indeed care for our people and technology presents us with an opportunity to better serve all our people," the Minister said. — SAnews.gov.za

KENNISGEWINGS

AANSOEK OM UITSTEL VAN SEKERE VEREISTES VAN DIE WET OP NASIONALE OMGEWINGSBESTUUR: LUGGEHALTE – MINIMUM EMISSIESTANDAARDE VIR NATREF PETROLEUM REFINERS OF SOUTH AFRICA (EDMS) BPK IN SASOLBURG

UITNODIGING OM DEEL TE NEEM EN KOMMENTAAR TE LEWER

National Petroleum Refiners of South Africa (Edms) Bpk (Natref), Suid-Afrika se enigste binnelandse ruolieraffinadery, is in gesamentlike besit van Sasol Suid-Afrika (Edms) Bpk en Total Suid-Afrika (Edms) Bpk en is in Sasolburg in die Vrystaat geleë.

Daar word van Natref vereis om aan die Minimum Emissiestandaard (MES) te voldoen wat kragtens die Wet op Nasionale Omgewingsbestuur: Luggehalte, Wet 39 van 2004 uitgevaardig is. Natref is voornemens om aansoek te doen om uitstel van die nakomingspertyd ten opsigte van die beskikbaarheidsvereistes van sy Eenheid Swaelherwinning buiten die Omkeer- en Inspeksiesluitings, geleë by sy fasiliteit in Sasolburg.

Deel 2 van die MES maak voorsiening vir aansoek om uitstel van sekere vereistes. Natref moet as deel van die aansoek 'n Atmosferiese Impakverslag (AIR) indien, ondersteun deur 'n breedvoerige regverdiging en redes vir die aansoek, en moet kragtens die Omgewingsimpakbepaling-regulasies 'n openbare deelnameproses onderneem.

Natref het SRK Consulting (Suid-Afrika) (Edms) Bpk aangestel om behulpsaam te wees met die voorbereiding van die motiveringsverslag wat Natref se regverdiging en redes vir die aansoek uiteensit, en om die openbare deelnameproses te hanteer. Airshed Planning Professionals (Edms) Bpk (Airshed) is aangestel om die AIR ter ondersteuning van die motiveringsverslag op te stel.

Die konsep-Motiveringsverslag en AIR is beskikbaar vir openbare kommentaar. Die amptelike tydperk vir die lewering van kommentaar sal vanaf **Maandag 7 Januarie 2019 tot Woensdag 6 Februarie 2019** wees. Elektroniese weergawes van die verslae en kommentaarblaai sal op SRK se webwerf by <https://www.srk.co.za/en/za-natref-2019-mes-postponement-applications> beskikbaar wees. Elektroniese afskrifte is ook op versoek beskikbaar van die belanghebbende-skakelkantoor by SRK. Gedrukte afskrifte van die verslag en kommentaarblaai sal ook by die volgende openbare plekke toeganklik wees vir belanghebbendes om te besigtig en kommentaar op te lewer:

Openbare plek	Adres	lokaal
Sasolburg Openbare Biblio- teek	John Vorster-laan, Sasolburg	016 973 8463
Zamdela Biblioteek	Langsaan Zamdela-saal in Hoofweg, Zamdela	016 974 2163
Metsimaholo Plaaslike Muni- sipaliteit	Fichardtstraat, Sasolburg	016 973 8316
Ontvangs by die Natref-terrein	Jan Haak-straat, Sasolburg	016 940 2303/2160

Ten einde kommentaar op die konsep-motiveringsverslag en AIR te fasiliteer, sal twee openbare opedae soos volg gehou word:

Datum	Tyd	Lokaal
21 January 2019	12h00 – 18h00	Boiketlong Community Hall
23 January 2019	12h00 – 18h00	Multi-Purpose Centre, Harry Gwala

AANSOEK OM UITSTEL VAN SEKERE VEREISTES VAN DIE WET OP NASIONALE OMGEWINGSBESTUUR: LUGGEHALTE, WET 39 VAN 2004 – MINIMUM EMISSIESTANDAARDE VIR SASOLBURG OPERATIONS, 'N AFDELING VAN SASOL SUID-AFRIKA BEPERK, IN SASOLBURG

UITNODIGING OM DEEL TE NEEM EN KOMMENTAAR TE LEWER

Sasol Suid-Afrika Beperk (Sasol) wat deur sy Sasolburg Operations (SO) werksaam is, besit en bedryf onder meer 'n petrochemiese fasiliteit in Sasolburg in die Vrystaat. Daar word van Sasol vereis om aan die Minimum Emissiestandaard (MES) te voldoen wat kragtens die Wet op Nasionale Omgewingsbestuur: Luggehalte, Wet 39 van 2004 uitgevaardig is.

Sasol het tussen 2013 en 2017 'n proses onderneem om aansoek te doen om uitstel van die nakomingspertyd van die MES en uitstel is wel aan Sasol toegeken. Nuwe, strenger standaard sal egter vanaf April 2020 in werking tree en Sasol sal in sekere gevalle dit moeilik vind om in 2020 aan die nuwe aanlegstandaarde te voldoen.

Sasol is dus voornemens om aansoek te doen om uitstel van die nakomingspertyd vir sy stoomstasies en drie verbranders by sy werksaamhede in Sasolburg.

Deel 2 van die MES maak voorsiening vir aansoek om uitstel van sekere vereistes. Sasol moet as deel van die aansoek 'n atmosferiese impakverslag (AIR) indien, ondersteun deur 'n breedvoerige regverdiging en redes vir die aansoek, en moet kragtens die Omgewingsimpakbepaling-regulasies 'n openbare deelnameproses onderneem. Sasol het SRK Consulting (Suid-Afrika) (Edms) Bpk aangestel om behulpsaam te wees met die voorbereiding van die motiveringsverslag wat SO se regverdiging en redes vir die aansoek uiteensit, en om die openbare deelnameproses te hanteer. Airshed Planning Professionals (Edms) Bpk (Airshed) is aangestel om die AIR ter ondersteuning van die motiveringsverslag op te stel.

Die konsep-motiveringsverslag en AIR is beskikbaar vir openbare komentaar. Die amptelike tydperk vir die lewering van kommentaar sal vanaf **Maandag 7 Januarie 2019 tot Woensdag 6 Februarie 2019** wees. Ele- ktroniese weergawes van die verslae en kommentaarblaai sal op SRK se webwerf by <https://www.srk.co.za/en/za-sasol-2019-mes-postponement-applications> beskikbaar wees. Elektroniese afskrifte is ook beskikbaar op versoek van die belanghebbende-skakelkantoor by SRK. Gedrukte afskrifte van die verslae en komen- taarblaai sal ook by die volgende openbare plekke toeganklik wees vir belanghebbendes om te besigtig en kommentaar op te lewer:

Public Place	Address	Telephone
Sasolburg Openbare Biblioteek	John Vorster Avenue, Sasolburg	016 973 8463

Vrolikheid op note by Sharky Town!

Die nuwe jaar kon nie gevra het vir 'n meer geesdriftige verwelkoming as wat hy by die jaareind-optrede van Kiewiet Records se kunstenaars by Sharky Town gekry het nie. Onder die kunstenaars en organiseerders wat vir die pret en plesier gesorg het, is van links: Marius de Vos, Tony Knight, Quinton van Eyk, Carlo Leone, Erika Kruger (fotografie-afdeling), Yelanda (spesiale gas) en Roy Allen. “Dankie aan almal wat die aand kom ondersteun het,” sê Marius.

N.O.T.I.C.E.S

APPLICATION FOR POSTPONEMENT OF CERTAIN REQUIREMENTS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT: AIR QUALITY ACT NO. 39 OF 2004 - MINIMUM EMISSION STANDARDS, FOR SASOLBURG OPERATIONS, A DIVISION OF SASOL SOUTH AFRICA LIMITED, IN SASOLBURG

INVITATION TO PARTICIPATE AND COMMENT

Sasol South Africa Limited (Sasol) operating through its Sasolburg Operations (SO), owns and operates a petrochemical facility in Sasolburg in the Free State, among others. Sasol is required to comply with Minimum Emission Standards, (MES), published in terms of the National Environmental Management: Air Quality Act (Act No 39 of 2004).

Between 2013 and 2017 Sasol undertook a process to apply for postponements from the compliance timeframes of the MES and Sasol has been granted certain postponements. However, new more stringent standards will come into effect from April 2020 and Sasol will be challenged to meet the 2020 new plant standards in certain instances.

Sasol therefore intends to apply for postponements from the compliance timeframes for its Steam Stations and three Incinerators at its operations in Sasolburg.

Part 2 of the MES allows for application for postponement of certain requirements. As part of the application, Sasol must submit an atmospheric impact report (AIR) supported by detailed justification and reasons for the application and must undertake a public participation process in accordance with the Environmental Impact Assessment Regulations. Sasol has appointed SRK Consulting (South Africa) (Pty) Ltd (SRK) to assist it in preparing the Motivation Report that will detail SO's justification and reasons for the application, and to undertake the public participation process. Airshed Planning Professionals (Pty) Ltd (Airshed) has been appointed to prepare the AIR in support of the Motivation Report.

The Draft Motivation Report and AIR is available for public comment. The official comment period is from **Monday 7 January 2019 to Wednesday 6 February 2019**. Electronic versions of the reports and comment sheets are available on SRK's website at: <https://www.srk.co.za/en/za-sasol-2019-mes-postponement-applications>. Electronic copies are also available on request from the Stakeholder Engagement Office at SRK. In addition, printed copies of the reports and comment sheets will be available at the following publicly accessible venues for stakeholders to view and comment on:

Public Place	Address	Telephone
Sasolburg Public Library	John Vorster Avenue, Sasolburg	016 973 8463
Zamdela Library	Next to Zamdela Hall on the Main Road, Zamdela	016 974 2163
Metsimaholo Local Municipality	Fichardt Street, Sasolburg	016 973 8316
Sasolburg Operations Main Reception	1 Klasie Havenga Road, Sasolburg	016 960 2014 / 2976

To facilitate comment on the Draft Motivation Report and AIR, two public open days will be held as follows:

Date	Time	Venue
21 January 2019	12h00 – 18h00	Boiketlong Community Hall
23 January 2019	12h00 – 18h00	Multi-Purpose Centre, Harry Gwala

APPLICATION FOR POSTPONEMENT OF CERTAIN REQUIREMENTS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT: AIR QUALITY ACT - MINIMUM EMISSION STANDARDS, FOR NATREF PETROLEUM REFINERS OF SOUTH AFRICA (PTY) LTD IN SASOLBURG

INVITATION TO PARTICIPATE AND COMMENT

National Petroleum Refiners of South Africa (Pty) Ltd (Natref), South Africa's only inland crude oil refinery, is jointly owned by Sasol South Africa (Pty) Ltd and Total South Africa (Pty) Ltd and is located in Sasolburg, Free State.

Natref is required to comply with Minimum Emission Standards (MES), published in terms of the National Environmental Management: Air quality Act (Act No 39 of 2004).

Natref intends to apply for a postponement from the compliance timeframes regarding the availability requirements of its Sulfur Recovery unit outside of the Turnaround and Inspection shutdowns, located at its facility in Sasolburg.

Part 2 of the MES allows for application for postponement of certain requirements. As part of the application, Natref must submit an Atmospheric Impact Report (AIR) supported by detailed justification and reasons for the application and must undertake a public participation process in accordance with the Environmental Impact Assessment Regulations.

Natref has appointed SRK Consulting (South Africa) (Pty) Ltd (SRK) to assist it in preparing the Motivation Report that will detail Natref's justification and reasons for the application, and to undertake the public participation process. Airshed Planning Professionals (Pty) Ltd (Airshed) has been appointed to prepare the AIR in support of the Motivation Report.

The Draft Motivation Report and AIR is available for public comment. The official comment period is from **Monday 7 January 2019 to Wednesday 6 February 2019**. Electronic versions of the reports and comment sheets will be available on SRK's website at: <https://www.srk.co.za/en/za-natref-2019-mes-postponement-applications>. Electronic copies are also available on request from the Stakeholder Engagement Office at SRK. In addition, printed copies of the report and comment sheets will be available at the following publicly accessible venues for stakeholders to view and comment on:

President commends Matric Class of 2018

President Cyril Ramaphosa has congratulated the Matric Class of 2018 for keeping the National Senior Certificate (NSC) pass rate above 70%. The President said this achievement underscores the importance of learners, educators, families, administrators and political leadership working together. The matric class of 2018, who sat for the NSC examination, achieved a 78.2% pass rate. The pass rate, which is inclusive of the progressed learners, is a 3.1% improvement from the 75.1% achieved in 2017.

“As South Africans, we can all take pride in the dedication shown by learners and educators. Together, they have presented our nation with another cohort of young people whose life chances have been significantly enhanced, and whose success in basic education is indeed reversing the damage inflicted on generations of South Africans who were deprived of quality education under apartheid,” said President Ramaphosa.

The Class of 2018 was the fourth large cohort in the history of basic education to register for any NSC examination. President Ramaphosa said this illustrated the impact of government's support to poor learners and their families. This support spans pro-poor funding of schools; the provision of nutritious meals on a daily basis; and the provision of scholar transport to deserving learners on daily basis. These interventions have led to increased levels of retention of learners and enabled their success in the National Senior Certificate examinations. The President has urged matriculants to show responsibility in exploring opportunities in higher education, vocational training or workplace experience, and to adopt the understanding that learning is and should be a lifelong endeavour. President Ramaphosa has also encouraged learners who did not pass to make use of Second Chance programmes and to believe in their ability to overcome this challenge as one of many that will bring out the best in them during the course of their lives.

NSFAS will no longer communicate via SMS

The National Student Financial Aid Scheme (NSFAS) has announced it will no longer communicate directly with students via SMS during the 2019 academic year. The decision, said NSFAS in a statement on Thursday, was effective immediately. The student financial aid scheme said it has also advised students to only use the myNSFAS online self-service portal to view application status or any other information relating to funding. The move came after the scheme was over the past two weeks targeted in phishing email and text message scams that aim to compromise personal data. “NSFAS identified scams in which fraudsters lure students into providing confidential information via a link to a site controlled by the attackers. The email or text message scam is designed to look like it is a regular message issued by the NSFAS contact centre,” said the scheme in the statement.

NSFAS said the unidentified attackers are posing as NSFAS representatives and sending out emails requesting applicants and progressing students to update their account information by clicking on an embedded link. “We would like to warn all the applicants, students and parents to be aware of these fraudsters and take extra care when dealing with their personal information online or over the phone. Any SMS messaging regarding funding received following this message will be from fraudsters and not NSFAS,” the scheme said.

NSFAS administrator Dr Randall Carolissen said the scheme was seeing an increase in fraudulent activities, possibly due to the increase in the number of applications for 2019. “We advise every student that NSFAS will never ask for your account details, password, PIN or OTP over the phone or via email,” he said. “Henceforth, NSFAS will only communicate with applicants and progressing students via the myNSFAS Online Self-Service Portal or via the NSFAS Contact Centre. Call Centre Agents will ensure that suitable precautions are being taken and key security questions are asked to positively identify the person contacted and to build trust.

Other official notices will be published on the NSFAS official website www.nsfas.org.za or the official Twitter page @mynsfas,” NSFAS said. NSFAS is working with the law enforcement agencies to investigate the matter.
