## Disclaimer

The opinions expressed in this report have been based on the information supplied to SRK Consulting (South Africa) (Pty) Ltd (SRK) by Sasol South Africa Limited (Sasol). The opinions in this report are provided in response to a specific request from Sasol to do so. SRK has exercised all due care in reviewing the supplied information. Whilst SRK has compared key supplied data with expected values, the accuracy of the results and conclusions from the review are entirely reliant on the accuracy and completeness of the supplied data. SRK does not accept responsibility for any errors or omissions in the supplied information and does not accept any consequential liability arising from commercial decisions or actions resulting from them. Opinions presented in this report apply to the site conditions and features as they existed at the time of SRK's investigations, and those reasonably foreseeable. These opinions do not necessarily apply to conditions and features that may arise after the date of this report, about which SRK had no prior knowledge nor had the opportunity to evaluate.

NEM:AQA	National Environmental Management: Air Quality Act (Act No. 39 of 2004)
Sasol	Sasol South Africa Ltd (Sasol)
SCO	Secunda Chemicals Operations
SSO	Secunda Synfuels Operations

# 1 Introduction

Sasol Limited (Sasol) is an international integrated chemicals and energy company that leverages technologies and the expertise of 30 100 people working in 33 countries. Sasol develops and commercialises technologies and builds and operates world-scale facilities to produce a range of high-value product streams, including liquid fuels, chemicals and low-carbon electricity. Sasol is a significant business partner in the South African economy and has manufacturing operations located predominantly in Secunda, Mpumalanga and Sasolburg, Free State.

This document pertains to the Secunda Synfuels Operations (SSO), Secunda Chemicals Operations (SCO) and Sasol Oil in the Mpumalanga Province.

SSO has previously applied for, and been granted, postponement, by the National Air Quality Officer (NAQO), with the concurrence of its licensing officer, in terms of the 2015 compliance timeframes of the Minimum Emissions Standards (MES) which were published in Government Notice No. 893 in Government Gazette 37054 of 22 November 2013 (“GN 893”) and published in terms of the National Environmental Management: Air Quality Act (Act No. 39 of 2004) (NEM:AQA). However, Sasol will be unable, in certain instances, to timeously meet the more stringent 2020 MES compliance requirements as previously communicated in the postponement applications.

Thus, in the present application (the “2019 postponement application”), Sasol is making application for postponements of the compliance timeframe relating to 2020 MES for atmospheric emission generating facilities and processes at their SSO, SCO and Sasol Oil facility in the Mpumalanga Province.

This final public participation report is included as Annexure C of the report titled: “Secunda Synfuels Operations, Secunda Chemicals Operations and Sasol Oil - Motivation for the postponement of compliance timeframes in terms of Regulation 11 of the Section 21 NEM:AQA Minimum Emissions Standards”, by Sasol, dated February 2019.

The abovementioned motivation report includes the findings of an independently prepared atmospheric impact report (AIR), which determined Sasol’s impact on ambient air quality, along with further reasons that warrant consideration in a decision about postponements from the MES. Sasol has appointed Airshed Planning Professionals (Airshed) to prepare the AIR and SRK Consulting (South Africa) Ltd. (SRK) to manage the technical studies and the public participation process (PPP).

This final public participation report, as compiled by SRK, documents the public participation activities undertaken during the announcement phase, and details the process whereby interested and affected parties (I&APs) were given the opportunity to comment on the draft motivation report and AIR prepared as part of the application.

## 2 Approach to public participation

The PPP undertaken as part of Sasol's application for postponement of the compliance timeframes was structured to meet the requirements of Chapter 6 of the Environmental Impact Assessment (EIA) Regulations (Government Notice No. 982, 04 December 2014) (as amended in 2017), published under the National Environmental Management Act (Act 107 of 1998) (NEMA), as specified in the November 2013 MES Regulations.

The PPP is an important component of the application and is closely linked to the technical activities required for the preparation of the motivation report. **Figure 2-1** details the technical and PPP processes.

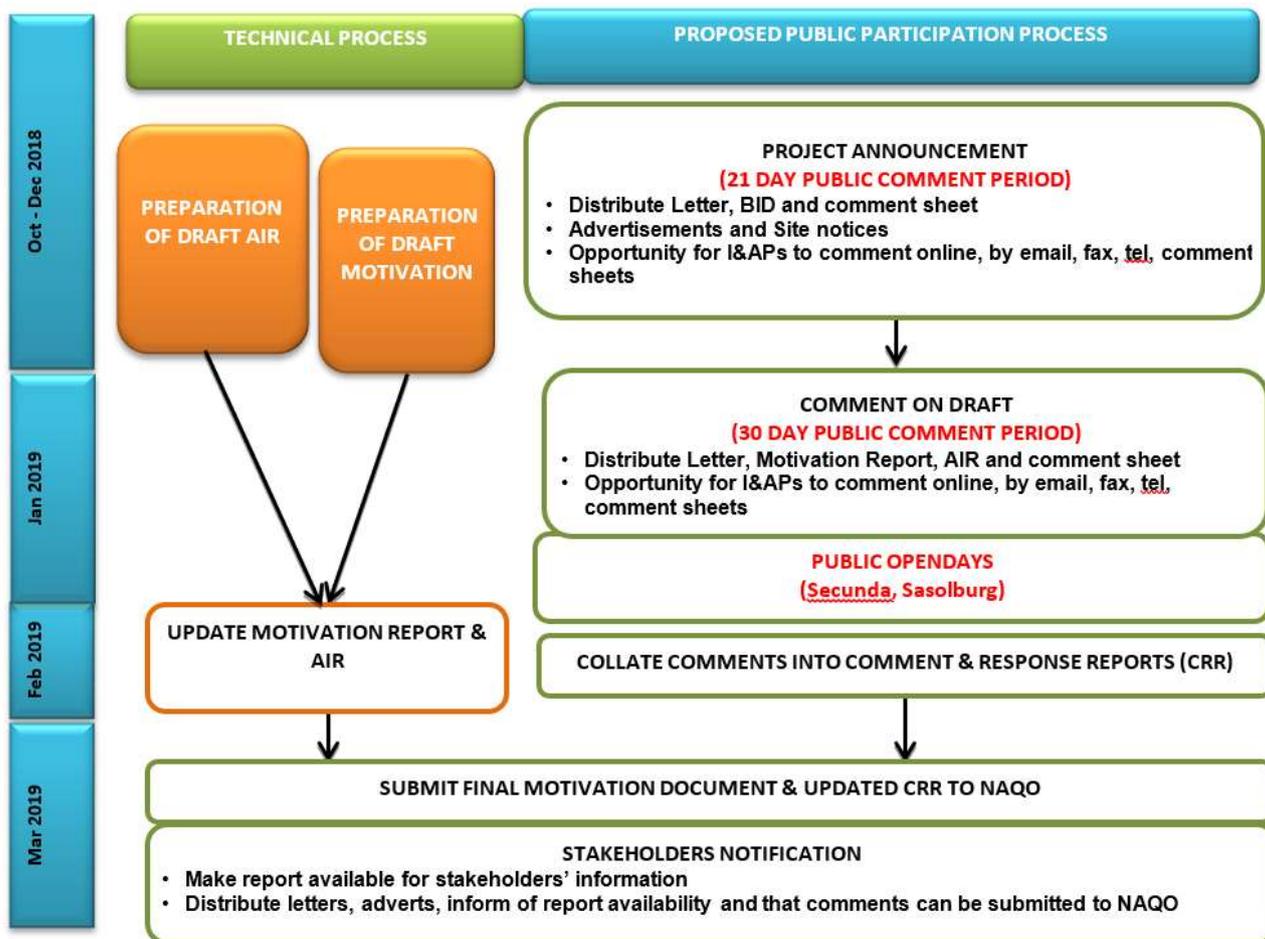

Figure 2-1: Technical and public participation process

### 3 I&AP identification

I&APs were identified as follows:

- Identified from previous environmental authorisation processes undertaken by SRK.
- Registered with the previous Sasol postponement applications in 2014, 2016 and 2017.
- Registered at any of the bi-annual SSO and SCO environmental/health consultation sessions on air quality matters.
- Registered with the Sasol offset implementation plan PPP.

The I&AP database for SSO and SCO comprises approximately 671 I&APs, representing various sectors of society as listed below (Refer to **Appendix A** for the full database of I&APs):

- National government: Department of Environment Affairs, Department of Mineral Resources and the Department of Water and Sanitation.
- Provincial government: Mpumalanga Department of Agriculture and Rural Development and Land Administration.
- District and local government: Gert Sibande District Municipality and Govan Mbeki Local Municipality.
- Non-governmental organisations (NGOs) and interest groups: Olifants River Catchment Forum, Mpumalanga Parks Board, Mpumalanga Tourism and Parks Agency, Wildlife and Environment Society of South Africa (WESSA), Legal Resources Centre (LRC), Centre for Environmental Rights and GroundWork.
- Organised business and commerce: Business Unity South Africa (BUSA), Witbank Chamber of Commerce and Proconics (Pty) Ltd.
- Organised mining and industry: Chamber of Mines and Harmony Gold Mines.
- Community based organisations: Solidarity, Umindi Ratepayers Association and Waterval Farmers Association.
- Labour unions and associations: Mpumalanga Agricultural Union, National Education Health and Allied Workers' Union.
- Research and academia: Council for Scientific and Industrial Research, and Discovery Training Centre.
- Media: Mpumalanga Communication Services, Ridge Times and Ekasi.
- Parastatals: Eskom, Transnet, Telkom, South African Heritage Resource Agency, and the South African National Biodiversity Institute.
- Sasol employees (internal I&APs).
- Adjacent and surrounding landowners.

The database was reviewed and updated during the PPP.

### 4 Project announcement

The project announcement phase was conducted between 17 October 2018 and 09 November 2018. I&APs received notification of Sasol's intention to apply for postponement, a background information document (BID) and an invitation to register as an I&AP in the process. I&APs were invited to participate in the process as follows:

- Distribution by email, of invitation letters accompanied by a BID and a registration and comment form on 16 November 2018 (see **Appendix B and C** for copies of these documents).
- Advertisements were placed in two local newspapers (see **Appendix D** for proof of advertisement publication), as follows:
  - The Ridge Times (English and Afrikaans) on Wednesday 17 October 2018.
  - Ses'khona (IsiZulu) on Friday 19 October 2018.
- Site notices (A2 Size), in English, Afrikaans and Zulu together with copies of the BIDs and registration and comment forms were placed in publicly accessible venues close to the operations, namely the Secunda Library, Govan Mbeki Local Municipality and at the Sasol Charlie 1 Main

Entrance on 17 October 2018 (see **Appendix E** for a copy of the site notice and photographs indicating notice placement).

- BIDs, invitation letters and registration and comment forms were placed on SRK's website at <https://www.srk.co.za/en/za-sasol-2019-mes-postponement-applications>. Where email addresses for I&APs were not available, facsimile and sms notifications were made to I&APs to inform them of the postponement application.
- Where email addresses were not available sms's were sent to I&APs that registered or attended meetings for previous postponement applications.

During the announcement phase, SRK received requests for I&APs to be registered on the database, online registrations, as well as requests from some I&APs to be removed from the database. In addition, SRK received numerous Curriculum Vitae's (CV's) and requests for employment. No comments specifically relating to the postponement application were received during the announcement period beyond requests to register and remain informed of the process.

## 5 Public comment on the draft motivation report and AIR

While the official comment period on the draft motivation report and AIR commenced on **Monday 7 January 2019 and closed on Wednesday 6 February 2019**, the draft motivation report and AIR was made available from the close of business in December 2018 to allow additional time for I&APs to review and comment. Notification of the availability of the documents and an invitation to attend the public open days to facilitate comment on the draft motivation report and AIR were made as follows:

- Distribution by email of notification letters on 20/21 December 2018 and reminder emails on the 10 January 2019 (see **Appendix B** for copies of these documents).
- Advertisements in local newspapers (see **Appendix D** for proof of advertisement publication) as follows:
  - The Ridge Times (English and Afrikaans) on Friday 14 December 2018 and Monday 11 January 2019.
  - Ses'khona (IsiZulu) on Friday 14 December 2018 and Monday 11 January 2019.
- Where email addresses for I&APs were not available, facsimile and sms notifications were used to distribute notification letters.

Electronic versions of the reports and comment forms were made available on the SRK website, <https://www.srk.co.za/en/za-sasol-2019-mes-postponement-applications> from close of business in December 2018 to allow additional time for I&APs to review and comment. Electronic copies were available on request from the public participation office at SRK.

In addition, printed copies of the report and registration and comment forms were made available at the publicly accessible venues as listed in Table 4-1, for I&APs to view and comment on.

**Table 5-1: Venues where hard copies of the draft motivation report and AIR could be accessed**

Venue	Address	Contact details
Secunda Public Library	Laurens Muller Street, Secunda	017 620 6175
Govan Mbeki Local Municipality	Horwood Street, Secunda	017 620 6279
Sasol Charlie 1 main entrance	Frans Du Toit Street, Secunda	017 610 1111

Comments and suggestions on any aspect of the Draft Motivation Report or AIR were then collated and responded to, where appropriate. These comments and suggestions will form part of the documentation used to inform the authorities' decision. I&APs were able to comment by:

- Completing the online registration and comment form at the following link: <https://arccg.is/H05W9>
- Completing the enclosed registration and comment form and submitting it to SRK;
- Writing a letter or additional written submission by mail, email or fax; or

- Calling SRK.

## 5.1 Public open days

Due to safety concerns stemming from protest action at previous meetings, a public open day instead of a public meeting was held to facilitate comments on the draft motivation report and AIR, as listed in Table 4-2. The venue was selected to be central to the Govan Mbeki Municipality, further the eMbalenhle club has previously been associated with protest action and is difficult to secure. As such Sasol prioritised the safety of all I&APs, participants, visitors and Sasol employees when selecting the meeting venue for the public open day.

**Table 5-2: Public open day venue**

Date	Time	Venue
Monday 22 January 2019	09h00 – 16h00	The Sasol Secunda Recreation Club, Nelson Mandela Drive, Secunda

The primary objectives of the public open day were to:

- Foster robust engagements and build relationships with Sasol's host communities.
- Share information on Sasol, their activities and air quality impacts relating to the postponement application.
- Provide an opportunity for the community to raise any issues regarding the postponement application process.
- Facilitate comments on the motivation report and AIR.

All relevant (i.e. MES related) comments raised at the public open days were documented as minutes and captured in the comment and response report (CRR).

## 5.2 Comments received

All comments received on the draft motivation Report or AIR either at public open day or via post, email or fax, including responses thereto as appropriate, were included in a CRR (Annexure D of the motivation report). The CRR will be submitted with the motivation report and AIR to the NAQO for consideration.

Comments received at the open day, via post, email, fax or the online comment form are attached as Appendix 1 of the CRR, attached at Annexure D of motivation report.

## 6 Availability of the final motivation reports for public comment

The final documents relating to the postponement application will be submitted to the NAQO for consideration by 31 March 2019. These documents will be available after the submission, for review, and can be accessed as follows:

- Electronic versions of the reports are available on SRK's website at <https://www.srk.co.za/en/za-sasol-2019-mes-postponement-applications>.
- Electronic copies are also available on request from the Public Participation Office at SRK.

Any comments on the final motivation report and annexures thereto, should be submitted directly to the NAQO and I&AP's will be notified of the submission and where to submit any further comments.

## 7 Next Steps in the application process

The NAQO is required to consider the final application, together with any additional comments submitted by stakeholders, and thereafter to issue a decision in concurrence with the licensing

authority. Registered I&APs will be informed of the decision once issued. They will also be advised of the way forward following the decision based on specific requirements imposed by the NAQO.

## 8 Conclusion

Contributions to SSO's and SCO's application process by a wide range of I&APs have ensured that the relevant aspects and issues raised and reflected in the CRR are considered as part of the authority decision-making process.

## **Appendix B: Notification Letters**

17 October 2018  
526577

## INVITATION TO REGISTER AND PARTICIPATE

### Applications for postponement of certain requirements of the National Environmental Management: Air Quality Act - Minimum Emission Standards, for Sasol South Africa Limited operations in Secunda

Dear Stakeholder

- Availability of a Background Information Document (BID) for comment
- Invitation to register as an I&AP
- Next steps in the application process

Sasol South Africa Limited (Sasol) is an international integrated energy and chemical company which owns and operates facilities at Secunda in Mpumalanga. Secunda Synfuels Operations (SSO) and Sasol Chemical Operations (SCO) are located in the Sasol Secunda complex south of central Secunda. Sasol is required to comply with Minimum Emission Standards (MES), published in terms of the National Environmental Management: Air Quality Act (Act No 39 of 2004). Sasol has previously applied and been granted postponement. However, new, more stringent standards will come into effect in April 2020 and Sasol will be challenged to meet the 2020 new plant standards in certain instances.

Sasol therefore intends to apply for postponements as follows:

- SSO – steam plant boilers (Subcategory 1.1); superflex catalytic cracker (SCC) unit (Subcategory 2.2); storage tanks (Subcategory 2.4); Biosludge and high organic waste (HOW) incinerators (Subcategory 8.1)
- SCO - storage tanks (Subcategory 2.4) and ammonium nitrate (Subcategory 7.3)

This application is supported by Part 2 of the MES. In accordance with the requirements for postponements contained in the MES Sasol will submit an atmospheric impact report (AIR) together with a motivation report containing detailed justification and reasons. Airshed Planning Professionals (Pty) Ltd (Airshed) has been appointed to prepare the AIR while SRK Consulting (South Africa) (Pty) Ltd (SRK) has been appointed to undertake the stakeholder engagement process to also assist Sasol in compiling the Motivation Report.

### Availability of a Background Information Document (BID) for comment

The enclosed BID provides more information about Sasol's intended postponement applications. It provides Interested and Affected Parties (I&APs) with an initial opportunity to comment on the application process and to register and receive further information during the process.

Govan Mbeki Local Municipality	Horwood Street, Secunda	Reception	017 620 6279
Sasol Charlie 1 Main Entrance	Frans Du Toit Street, Secunda	Reception	017 610 1111

You are invited to comment on the BID by:

- Completing the online registration and comment form at the following link; <https://arcg.is/H05W9>
- Completing the enclosed registration and comment form and submitting it to SRK (details below);
- Writing a letter or additional written submission by mail, email or fax; or
- Calling SRK.

### Invitation to register as an I&AP

This notification is being sent to you as you have previously registered as an I&AP in a public participation process relating to a postponement or offset application filed by Sasol Should you prefer not to be contacted in this regard please indicate as much via the comment link above or contact SRK at the details below.

You are welcome to forward this notice to others who may be interested in registering as an I&AP in this process. They are similarly invited to register as an I&AP and to comment on Sasol's application. Please submit your registration online by using the link provided above or complete the enclosed Registration and Comment Form and submit to SRK by **09 November 2018**

Please note that by registering as an I&AP you consent to:

- receiving communications relating to the process;
- having your personal information stored on an I&AP database;
- the I&AP database and the personal information contained therein being submitted to a third party if an appeal is lodged,; and
- having your personal information utilised for notifications related to Public Participation processes associated with the application and any appeals should they be lodged

### Next steps in the Application Process

The Draft Motivation Report and AIR will be made available for public comment early in 2019. Registered I&APs will be informed in advance of the availability of the report. Then, all comments received on the BID, the Draft Motivation Report and AIR will be compiled in the Comments and Response Report that will be submitted together with the Motivation Report and AIR to the authority for consideration.

To obtain more information, or to submit your comments, please contact SRK at the contact details below:

**Philippa Burmeister** or **Romi Bellusci** at SRK, **Tel:** +27(0)31 279 1200 **Fax:** +27(0)31 279 1204, **e-mail:** [pburmeister@srk.co.za](mailto:pburmeister@srk.co.za) / [rbellusci@srk.co.za](mailto:rbellusci@srk.co.za)

## Attention: Interested and affected parties

Dear Interested and Affected Party

### INVITATION TO PARTICIPATE AND COMMENT

#### Applications for postponement of certain requirements of the National Environmental Management: Air Quality Act - Minimum Emission Standards, for Sasol South Africa Limited operations in Secunda

- **Availability of the draft motivation report and AIR for comment**
- **Invitation to public open day**
- **Next steps in the application process**

Sasol South Africa Limited (Sasol) is an international integrated energy and chemical company which owns and operates facilities at Secunda in Mpumalanga. Secunda Synfuels Operations (SSO) and Sasol Chemical Operations (SCO) are located in the Sasol Secunda complex south of central Secunda. Sasol is required to comply with Minimum Emission Standards (MES), published in terms of the National Environmental Management: Air Quality Act (Act No 39 of 2004). Sasol has previously applied and been granted postponement. However, new, more stringent standards will come into effect in April 2020 and Sasol will be challenged to meet the 2020 new plant standards in certain instances.

Sasol therefore intends to apply for postponements from the compliance timeframes as follows:

- SSO – steam plant boilers (Subcategory 1.1); synfuels catalytic cracker (SCC) unit (Subcategory 2.2); storage tanks (Subcategory 2.4); biosludge and high organic waste (HOW) incinerators (Subcategory 8.1)
- SCO - storage tanks (Subcategory 2.4) and ammonium nitrate (Subcategory 7.3)

This application is supported by Part 2 of the MES. In accordance with the requirements for postponements contained in the MES, Sasol will submit an atmospheric impact report (AIR) together with a motivation report containing detailed justification and reasons, both of which need to be subjected to public participation. Airshed Planning Professionals (Pty) Ltd (Airshed) has been appointed to prepare the AIR while SRK Consulting (South Africa) (Pty) Ltd (SRK) has been appointed to undertake the public participation process to also assist Sasol in compiling the motivation report.

**Partners** R Armstrong, AH Bracken, N Brien, JM Brown, CD Dalglish, BM Engelsman, R Gardiner, M Hinsch, W Jordaan, WC Joughin, DA Kilian, S Kisten, JA Lake, V Maharaj, DJ Mahlangu, I Mahomed, HAC Meintjes, MJ Morris, GP Nel, VS Reddy, PJ Shepherd, MJ Sim, VM Simposya, HFJ Theart, KM Uderstadt, AT van Zyl, MD Wanless, ML Wertz, A Wood

## Availability of the draft motivation report and AIR for comment

While the official comment period on the draft motivation report and AIR will commence on **Monday 7 January 2019 and close on Wednesday 6 February 2019**, documents will be made available from the close of business in December to allow additional time for I&APs to review and comment.

Electronic versions of the reports will be available on SRK's website at <https://www.srk.co.za/en/za-sasol-2019-mes-postponement-applications> and electronic copies can be made available on request from the stakeholder engagement office at SRK.

In addition, printed copies of the reports and comment sheets will be available at the following publicly accessible venues for stakeholders to view and comment on:

Secunda			
Public place	Address	Contact	Telephone
Public library	Laurens Muller street, Secunda	Tersa Griesel	017 620 6175
Govan Mbeki local municipality	Horwood street, Secunda	Reception	017 620 6279
Sasol Charlie 1 main entrance	PDP Kruger Road, Secunda	Reception	017 610 1111

Your comments and suggestions on any aspect of the draft motivation report and AIR will be considered and included in a comments and response report appended to the application. You are welcome to comment on the draft motivation report and AIR by:

- Completing the online registration and comment form at the following link; <https://arcg.is/H05W9>
- Completing the enclosed registration and comment form and submitting it to SRK (details below);
- Writing a letter or additional written submission by mail, email or fax; or
- Calling SRK.

***DUE DATE FOR COMMENTS: WEDNESDAY 6 FEBRUARY 2019.***

## Public Open day

To facilitate comment on the draft motivation report and AIR, a public open day will be held where the application will be explained. Participants will have the opportunity at the open day to meet the project team and to provide comments. Details of the public open day is follows:

Date	Time	Venue	Venue contact details
Tuesday 22 January 2019	09h00 – 16h00	The Sasol Secunda Recreation Club, Nelson Mandela Drive, Secunda	017 610 0473

To confirm your attendance, submit comments or to obtain more information; please contact SRK at the contact details below:

**Philippa Burmeister** or **Romi Bellusci** at SRK, **Tel:** +27(0)31 279 1200 **Fax:** +27(0)31 279 1204, **e-mail:** [pburmeister@srk.co.za](mailto:pburmeister@srk.co.za) / [rbellusci@srk.co.za](mailto:rbellusci@srk.co.za)

## Next steps in the application process

The public participation report and comment and response report will be updated once all comments are received. These documents will be included as part of the final postponement application submitted for approval by the relevant authorities. Registered I&APs will be notified of the submission and copies of the submission will be made available on SRK's website. Registered I&APs will also be notified once a decision, regarding the postponement application has been made by the authorities.

Yours faithfully,

**SRK Consulting (South Africa) (Pty) Ltd**

Subject: Reminder: Natref 2019 Postponement Application: Availability of the Draft Motivation Report & AIR for comment & details of the public open day

Dear Stakeholder

A reminder that comments on the Draft Motivation Report and Atmospheric Impact Report opened on the 7 January 2019 and will close on the 6 February 2019.

Please find enclosed details of how to access and comment on the Draft Motivation Report and Atmospheric Impact Report for Natref in Sasolburg.

To access the documents on SRK's website follow the following link: <https://www.srk.co.za/en/za-natref-2019-mes-postponement-applications>

To submit comments online use the following link: <https://arcg.is/1fyTmf>

Finally, included in the notices please also find details of the Public open days.

Should you have any queries please do not hesitate to contact SRK at the details provided in the notification.

Kind regards,  
Tamaryn Hale

## **Appendix C: Background Information Document**

# BACKGROUND INFORMATION DOCUMENT AND OPPORTUNITY TO COMMENT

OCTOBER 2018

## APPLICATIONS FOR POSTPONEMENT OF CERTAIN REQUIREMENTS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT: AIR QUALITY ACT - MINIMUM EMISSION STANDARDS, FOR SASOL'S OPERATIONS IN SECUNDA AND SASOLBURG

### INTRODUCTION

The purpose of this document is to provide stakeholders with the following:

- Information on the background to Sasol's applications for postponements from certain requirements of the Minimum Emission Standards (MES) (published in Government Notice No. 893 of 22 November 2013) published in terms of section 21 of the National Environmental Management: Air Quality Act 39 of 2004 (NEMAQA) for certain of Sasol's operations in Secunda and Sasolburg.
- An outline of the legal framework governing air quality management in South Africa and specifically the MES, pertinent to this background information document (BID) and related applications.
- Information on the stakeholder engagement and application process that will be followed.
- Information regarding opportunities to provide comments relating to the applications.

### BACKGROUND

Sasol is an international integrated chemicals and energy company that leverages technologies and the expertise of 30 100 people working in 33 countries. Sasol develops and commercialises technologies, and builds and operates world-scale facilities to produce a range of high-value product streams, including liquid fuels, chemicals and low-carbon electricity. Sasol is a significant business partner in the South African economy and has manufacturing operations located predominantly in Secunda, Mpumalanga and Sasolburg, Free State.<sup>1</sup>

Sasol is committed to growing its business in the long term in a safe, ethical, compliant and environmentally responsible way, consistent with its safety, health and environment policy and Sasol values. It is continuously implementing new actions and processes to align with its commitments. Sasol reports on its environmental improvement objectives as part of its integrated reporting, available at: <http://www.sasol.com/about-sasol/company-profile/overview>.

<sup>1</sup> The information provided herein with regards to the company description and Sasol's environmental commitments must be read in conjunction with Sasol's Integrated Report for 2017 as available from the Sasol website.

## AIR QUALITY MANAGEMENT

The term “ambient air quality” refers to the state of the air in our surrounding environment. Good air quality is important not only for humans, but for other organisms and the environment in general. Poor air quality is a result of many factors, including emissions from various sources, both natural (such as veld fires) and human-induced (industrial and domestic emissions).

The role of the regulatory authorities is to ensure that ambient air quality meets standards set to protect human health and the environment. To achieve this, the Department of Environmental Affairs has promulgated two related but distinct standards. The first are referred to as point source emission standards (also called Minimum Emission Standards (MES)), which place limits on the concentration of emissions from certain industrial activities. The second are ambient air quality standards which seek to set total emissions from all contributors (i.e. industry, citizens and natural causes) to a level that protects human health and the environment.

Sasol’s approach to air quality management is well aligned with the risk-based philosophy adopted by the ambient air quality standards.

Sasol monitors the total quality of ambient air near its facilities through a network of accredited monitoring stations. It also prepares dispersion model scenarios to understand its impacts on ambient air quality in the regions in which it operates, and its capacity to improve these outcomes with point source emission reduction technologies e.g. electrostatic precipitators for particulate matter. This is contextualised against the backdrop of other sources of ambient air pollution, to identify the most effective actions to achieve ambient air quality improvements. This approach helps to inform Sasol’s air quality management priorities, by identifying the key actions to effectively improve ambient air quality.

## LEGAL REQUIREMENTS

The NEM:AQA provides for various specific air quality management measures. These include the declaration of priority areas (such as the Vaal Triangle Priority Area and the Highveld Priority Area), ambient air quality standards and point source emission standards as regulated in the MES. The MES prescribes the limits for point source emissions from existing plants which became effective from 1 April 2015 (the so-called ‘existing plant standards’) and which Sasol has previously made an application for postponement as mentioned below, as well as more stringent limits that must be met by 1 April 2020 (the so-called ‘new plant standards’) (termed “compliance timeframes”). Part 2 of the MES allows for applications for postponements of the prescribed compliance timeframes. Postponement applications must be made to the National Air Quality Officer (NAQO) at the Department of Environmental Affairs.

As part of its application, Sasol is required to submit an atmospheric impact report (AIR) supported by detailed justification and reasons. The MES also require that Sasol make these documents available for public comment as prescribed in Chapter 6 of the Environmental Impact Assessment (EIA) Regulations GN R326 (2017) promulgated under the National Environmental Management Act, 1998 (Act No. 107 of 1998) (NEMA).

Sasol has previously applied and been granted postponement in terms of the 2015 MES by the NAQO, with the concurrence of its licensing officer. However, Sasol will be unable, in certain instances, to timeously meet the more stringent 2020 MES compliance requirements. These further postponement applications are mainly requested for purposes of safe and proper completion of the associated projects in the interest of sustained compliance with the new plant standards.

Sasol has spent approximately R2 billion per year over the past decade on environmental improvement projects, most of which has been focused on air quality improvement.

For the next decade, Sasol has outlined a committed roadmap which informs progressive improvements to its existing facilities which will enable a sustainable transition toward meeting the stringent standards set for new plants, under the MES.

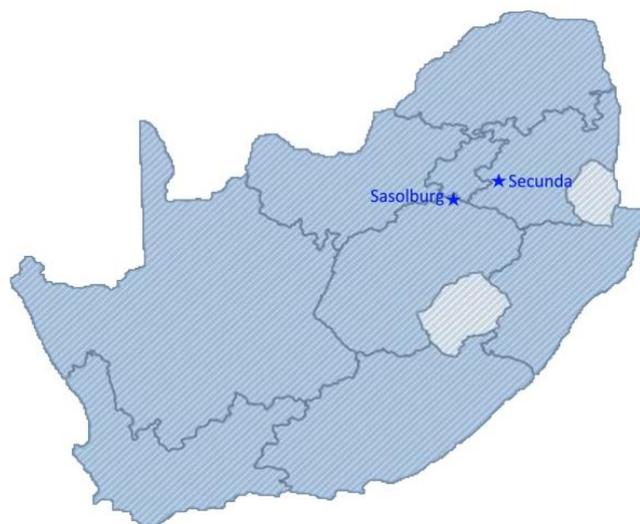

# SASOL'S APPLICATIONS

## SECUNDA SYNFUELS OPERATIONS

Secunda Synfuels Operations (SSO) is located in the Sasol Secunda complex in the Govan Mbeki Local Municipality, which forms part of the Gert Sibande District Municipality in the Mpumalanga Province. The Sasol Secunda site incorporates a number of business activities, including SSO, which operates the world's only commercial coal-gasification based synthetic fuels manufacturing plant.

Postponement applications will be submitted for the following processes that will be unable to meet the compliance timeframes stipulated in the atmospheric emission license (AEL):

- Sub-category 1.1: Steam plant boilers - particulate matter (PM), and oxides of nitrogen (NO<sub>x</sub>)
- Sub-category 2.2: Synfuels catalytic cracker – PM
- Sub-category 2.4: Storage tanks - total volatile organic compounds (TVOCs)
- Sub-category 8.1: High organic waste and biosludge incinerators – PM, carbon monoxide, SO<sub>2</sub>, NO<sub>x</sub>, hydrogen chloride, hydrogen fluoride, sum of lead, arsenic, antimony, chromium, cobalt, copper, manganese, nickel, vanadium, mercury, cadmium and thallium, VOCs, ammonia

## SASOL CHEMICALS OPERATIONS

Sasol Chemicals Operations (SCO) is also located in the Sasol Secunda complex. SCO produces a diverse range of products that include industrial explosives, fertilisers, polymers and solvents.

Postponement applications will be submitted for the following processes that will be unable to meet the compliance timeframes stipulated in the AEL:

- Subcategory 7.3: Ammonium nitrate – PM, ammonia
- Sub-category 2.4: Storage tanks and fuel loading – TVOCs

## SASOLBURG OPERATIONS

The Sasolburg Operations facility is located in Sasolburg in the Metsimaholo local municipality which is part of the Fezile Dabi District Municipality in the Free State Province. Sasolburg Operations provides a services platform for reforming natural gas into synthesis gas, produces a variety of chemicals, and provides various utility services to other Sasol entities as well as third party customers, such as process steam and industrial and municipal waste water treatment.

Postponement applications will be submitted for:

- Sub-category 1.1: Steam Station 1 – PM, NO<sub>x</sub>
- Sub-category 1.1: Steam Station 2 – PM, NO<sub>x</sub>
- Sub-category 8.1: Thermal Oxidation Plant (Incinerators) - SO<sub>2</sub>, NO<sub>x</sub>, Sum of Lead, arsenic, antimony, chromium, cobalt, copper, manganese, nickel, vanadium, TOCs, CO, HF and PM

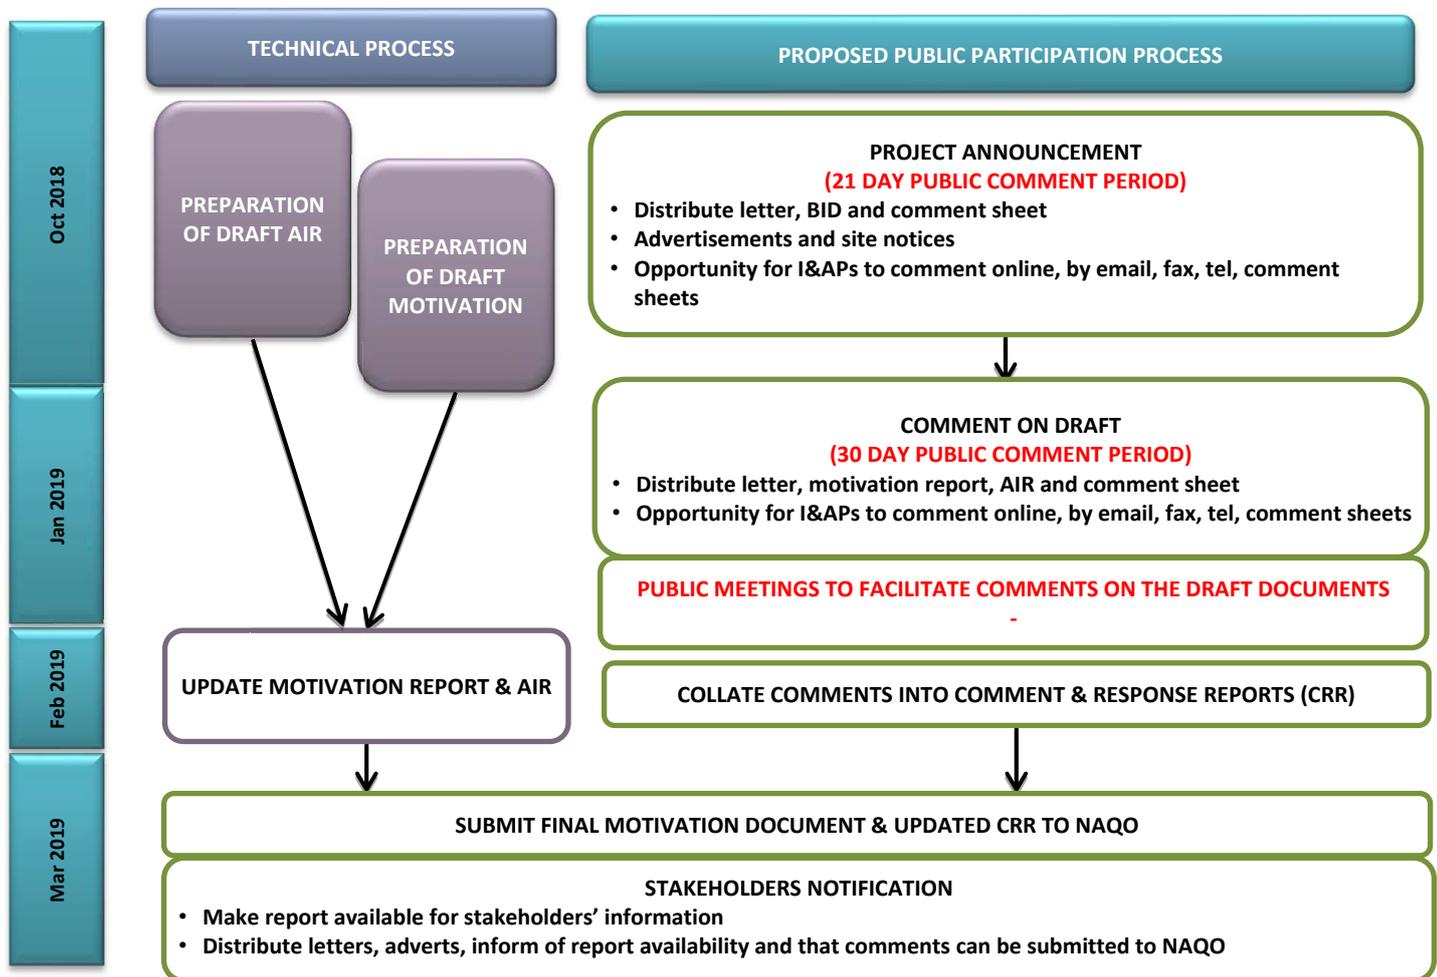

## APPLICATION PROCESS

Sasol has appointed a team of independent specialists to assist with the applications. SRK Consulting (Pty) Ltd has been appointed to undertake the stakeholder engagement process and assist with the compilation of the Motivation Report. Airshed Planning Professionals (Pty) Ltd has been appointed to prepare the atmospheric impact reports (AIRs). Sasol has also appointed an independent party, Exponent, to peer review the air dispersion modelling approach.

The AIRs will detail Sasol’s impact on ambient air quality in the areas affected by its facilities. The motivation report will be informed by the AIR as required in terms of Part 2 of the MES. It will detail the reasons and justification for the postponement application and outline the steps to be taken by Sasol to achieve compliance.

Sasol is committed to affording interested and affected parties (I&APs) the opportunity to provide comments during the public participation process. The approach to the public participation process has been guided by the requirements for consultation in terms of the 2017 EIA Regulations. Responses to comments received during the stakeholder engagement process will be submitted together with the motivation report to the authority for consideration during decision making.

The proposed technical and public participation activities, as well as the broad timeframes for roll out of these processes, are shown below.

### INVITATION TO COMMENT

Should you wish to register as an interested and affected party for this process please do so online at the following link: <https://arcg.is/H05W9>

Alternatively, please complete the enclosed registration and comment form and submit it to SRK, at the adjacent contact details, by the **09 November 2018**.

## **Appendix D: Newspaper Advertisements**

# Stroomop se aktrises deel hul harte met vroue

Jana Oosthuizen

SECUNDA - Die aktrise, Simoné Nortman, het 700 vroue Saterdagoggend, 13 Oktober, in trane gehad toe sy haar getuies by die Stroomop Inspirasie Vroue-oggend wat by die Kruik Kerk aangebied is, gedeel het.

Nortman het vertel hoe sy op briewe tussen haar ouers afgekom het waar een van hulle geskryf het: 'Ek sal seker maak Simoné vind nooit uit nie'.

Die aktrise wou weet wat aangaan en het haar ma oor die brief uitgepra, maar haar ma het gesê sy moet vir haar pa gaan vra.

Sy het uitgevind dat haar ma in 1989, toe sy 30 was, met Nortman swanger geraak het.

Haar ma was daardie tyd in die Suid-Afrikaanse lugmag en om as ongetroude

Pastoorvrou van die Kruik Kerk, me. Yolandie Kleynhans en me. Chanel Jones by die Stroomop-span, Simoné Nortman, Caroline Grace, Clarice Pieterse, Donnalee Roberts en Ivan Botha.

**'Swem teen die stroom op, want dan eers gaan jy in jou eie oomblikke kan leef en nie in die wêreld s'n nie'**

vrou swanger te raak in daardie tyd, sou onmiddellike ontslag beteken.

"So my ma moes kies, sy hou haar werk en verloor haar kind, of sy hou haar kind en verloor haar werk," het Nortman vertel.

Haar pa wou nie met haar trou nie, want sy reputasie was op die spel en haar ma is na 'n abortie-kliniek.

Die dokter by dié kliniek het gesê hy kan nie die prosedure doen nie, omdat die lugmag se dokter reeds bevestig het dat Nortman se ma swanger is en sou dalk later wou weet waar die kind is.

"Prys die Here vir die oortuiging van 'n abortie-dokter se hart."

Nortman se ma het toe 'n onwettige abortie-kliniek in een van buurlande

gaan besoek waar sy 'n afspraak vir die Vrydagoggend gehad het.

Toe sy daar aangekom het, het die ontvangsdame vir haar gesê daar was 'n misverstand want die dokter was oorsee, maar sy kon die volgende Vrydag teruggaan.

Sy is die volgende Vrydag terug en het uitgevind die polisie het daardie abortie-kliniek daardie selfde oggend toegemaak.

Nortman se ma het egter nie moed opgegee nie en is toe weer na 'n abortie-kliniek in Suid-Afrika waar die dokter vir haar gesê sy is te ver swanger om 'n abortie te kry.

"Sy het toe besluit om haar swangerskap steeds weg te steek vir haar ouers en kollegas by die werk en sy sou my laat aanneem sodra ek gebore is."

Nortman is op 18 Mei 1990 te vroeg gebore en nog voordat haar ma kon keer, het die ginekoloog vir Nortman gevang en dadelik op haar ma se borskas gesit.

"Hulle het my later weggehaal en ek het bloumoord geskreeu, 'n paar susters en mense het my vasgehou en ek het bly skreeu totdat hulle my weer in my ma se arms gesit het, toe was ek doodstil en daar het die Here my ma se hart sag gemaak en sy het besluit om my te hou.

"Die Here is so goed, my ma was die eerste vrou in die Suid-Afrikaanse geskiedenis wat 'n baba gekry het en steeds haar werk by die lugmag kon behou."

Nortman se ma moes 'n dissiplinêre verhoor kry by die lugmag, maar sy kon haar baba en haar werk behou.

"Ek het my lewe lank gesukkel met verwerping en ek kon nooit verstaan hoekom nie totdat my lewe in 2006 verander het toe ek my hart vir Jesus gegee het en Hy het my gewys dit kom van die tyd toe ek nog in my ma se maag was.

"My gees het dit steeds onthou, dat my ma my wou laat aborteer en daar is dood gesprek oor my toe ek nog in die baarmoeder was.

"Maar die Here het my grootste pyn gevat en Sy identiteit op my kom sit en Hy sê vir my die vyand wou my verwoes, maar die Vader het Sy hand op my gehad en gebruik dit vandag tot Sy heerlijkheid en glorie."

Die aktrise, Donnalee Roberts wat die hoofrol in Stroomop vertolk, het vertel hoe sy as kind gereeld gespot is oor haar skewe tande en dat sy en haar ma swaar gekry het tydens haar grootwordjare.

"Ek het as kind al daarvan gedroom om eendag 'n aktrise te word," het sy gesê.

Sy het die vrou aangespoor om na ander mense se harte te kyk en uit te reik na ander.

"God het ons gemaak met die vermoë om met ons harte na ander se harte te kyk.

Hoeveel keer per week kyk jy vir iemand, maar jy sien nie regtig nie? Hoeveel keer gee jy vir iemand 'n kompliment?"

"Dit neem net 'n oomblik om iemand raak te sien en daardie persoon te laat goed voel oor hulself."

Sy het vroue aangeraai om pens en pootjies in die rivier wat ons die lewe noem in te spring en die beste weergawe van hulself te probeer wees.

"Swem teen die stroom op want dan eers gaan jy in jou eie oomblikke kan leef en nie in die wêreld s'n nie. My hoop is dat julle almal Stroomop-vroue sal wees wat met julle harte na ander gaan kyk en dat jy jou eie storie sal begin skryf en die heldin van jou eie storie sal wees."

**AANSOEK OM UITSTEL VAN SEKERE VEREISTES VAN DIE WET OP NASIONALE OMGEWINGS-BESTUUR: LUGGEHALTE, WET NO 39 VAN 2004 - MINIMUM EMISSIESTANDAARDE VIR SASOL SUID-AFRIKA BEPERK SE WERKSAAMHEDE IN SECUNDA**

**UITNODIGING OM TE REGISTREER EN KOMMENTAAR TE LEWER**

Sasol Suid-Afrika Beperk (Sasol) wat deur sy Secunda Synfuels Operations (SSO) en Sasol Chemical Operations (SCO) werksaam is, besit en bedryf onder meer 'n petrochemiese fasiliteit in Secunda, Mpumalanga. SSO en SCO is in die Sasol Secunda-kompleks suid van sentraal-Secunda geleë. Daar word van Sasol vereis om aan die Minimum Emissiestandaarde, 2013 (MES) te voldoen wat kragtens die Wet op Nasionale Omgewingsbestuur: Luggehalte (Wet No 39 van 2004) uitgevaardig is.

Sasol het tussen 2013 en 2017 'n proses onderneem om aansoek te doen om uitstel van die tydraamwerke vir nakoming van die MES en sekere uitstelle is aan Sasol toegeken. Nuwe, strengere standaarde sal egter vanaf April 2020 in werking tree en Sasol sal in sekere gevalle dit moeilik vind om in 2020 aan die nuwe aanlegstandaarde te voldoen.

Sasol is dus van voorneme om aansoek te doen om uitstel vir die bioslyk- en hoë-organiese-afvalverbranders (HOW); stoomaanlegketels; superfleks- katalitiesekrakereenheid (SCC); enopgaartenks wat deel uitmaak van SSO, en die ammonium nitraateenheid en opgaartenks wat deel uitmaak van SCO.

Deel 2 van die MES maak voorsiening vir aansoek om uitstel van sekere vereistes. Sasol moet as deel van die aansoek 'n atmosferiese impakverslag (AIR) indien, ondersteun deur 'n breedvoerige regverdiging en redes vir die aansoek, en moet ook kragtens die Omgewingsimpakbepaling-regulasies 'n openbare deelnameproses onderneem. Sasol het SRK Consulting (Suid-Afrika) (Edms) Bpk aangestel om behulpsaam te wees met die voorbereiding van die Motiveringsverslag wat SSO en SCO se regverdiging en redes vir die aansoek uiteensit, en om die openbare deelnameproses te hanteer. Airshed Planning Professionals (Pty) Ltd (Airshed) is aangestel om die AIR ter ondersteuning van 'n Motiveringsverslag op te stel.

Belanghebbendes word genooi om as belangstellende en geaffekteerde partye (B&G'e) vir hierdie aansoekproses te registreer. Vir verdere inligting en 'n Agtergrondinligtingsdokument (BID), of om u kommentaar in te dien, volg asseblief die skakel hieronder na die aanlyn registrasieblad of tree in verbinding met **Philippa Burmeister** of **Romi Bellusci** by SRK:

**SPERDATUM VIR REGISTRASIE EN KOMMENTAAR: 09 November 2018**

**APPLICATION FOR POSTPONEMENT OF CERTAIN REQUIREMENTS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT: AIR QUALITY ACT NO 39 OF 2004 MINIMUM EMISSION STANDARDS, FOR SASOL SOUTH AFRICA LIMITED OPERATIONS IN SECUNDA**

**INVITATION TO REGISTER AND COMMENT**

Sasol South Africa Limited (Sasol) operating through its Secunda Synfuels Operations (SSO) and Sasol Chemical Operations (SCO) owns and operates a petrochemical facility in Secunda, Mpumalanga, among others. SSO and SCO are located in the Sasol Secunda complex south of central Secunda. Sasol is required to comply with Minimum Emission Standards, 2013 (MES), published in terms of the National Environmental Management: Air Quality Act (Act No 39 of 2004).

Between 2013 and 2017 Sasol undertook a process to apply for postponements from the compliance timeframes of the MES and Sasol has been granted certain postponements. However, new more stringent standards will come into effect from April 2020 and Sasol will be challenged to meet the 2020 new plant standards in certain instances.

Sasol therefore intends to apply for postponements for the biosludge and high organic waste (HOW) incinerators, steam plant boilers, superflex catalytic cracker (SCC) unit; and storage tanks that form part of the SSO and the ammonium nitrate unit and storage tanks that form part of SCO.

Part 2 of the MES allows for application for postponement of certain requirements. As part of the application, Sasol must submit an atmospheric impact report (AIR) supported by detailed justification and reasons for the application and must also undertake a public participation process in accordance with the Environmental Impact Assessment Regulations. Sasol has appointed SRK Consulting (South Africa) (Pty) Ltd (SRK) to assist it in preparing the Motivation Report that will detail SSO's and SCO's justification and reasons for the application, and to undertake the public participation process. Airshed Planning Professionals (Pty) Ltd (Airshed) has been appointed to prepare the AIR in support of a Motivation Report.

Stakeholders are invited to register as Interested and Affected Parties (I&APs) for this application process. To obtain more information and a Background Information Document (BID), or to submit your comments, please follow the link below to the online registration site or contact **Philippa Burmeister** or **Romi Bellusci** at SRK:

**DUE DATE FOR REGISTRATION AND COMMENTS: 09 November 2018**

# VQ matric learners receive their prizes

Vukuqhakaze High School awarded the matric learners who worked hard during the year and performed well. Pastor Zulu used the platform to motivate them not to give up, but continue to work hard. He discouraged them from spending their time watching soapies on television. Pastor Zulu also praised all the teachers who worked extra time and used school holidays to teach learners. "It does not matter where you are coming from, but your working hard will pay you. "Even if you parents are not educated, doors will open for you," said Pastor Zulu. The guest speaker for the day, Mr

Mahao said most learners are not exposed to different careers available. He further mentioned that in this time and age there are learners who still wants to take careers that are already outdated and when they come out of tertiary institutions, they struggle to get jobs. The school principal, Mr Mdaki encouraged learners to persevere. He said they should stop worrying about things they cannot change, such as their family background or problems. "Rather work hard and be able to change them in future," added the principal. He warned them not to compare their weaknesses with others' strength.

Busi Bulethelezi grandmother celebrates her achievement after she was named Best Overall Achiever.

VQ High School principal, Mr Mdaki motivating learners to work harder during their exams.

Dladla Achiabi was awarded for best performance in Business Studies and English.

Makeleni Anele was awarded for best performance in Isizulu. With his was Mr Mahao (guest speaker) and Pastor Zulu.

APPLICATION FOR POSTPONEMENT OF CERTAIN REQUIREMENTS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT: AIR QUALITY ACT NO 39 OF 2004 MINIMUM EMISSION STANDARDS, FOR SASOL SOUTH AFRICA LIMITED OPERATIONS IN SECUNDA

**INVITATION TO PARTICIPATE AND COMMENT**

Sasol South Africa Limited (Sasol) operating through Secunda Synfuels Operations (SSO) and Sasol Chemical Operations (SCO) owns and operates a petrochemical facility in Secunda, Mpumalanga, among others. SSO and SCO are located in the Sasol Secunda complex south of central Secunda. Sasol is required to comply with Minimum Emission Standards, 2013 (MES), published in terms of the National Environmental Management: Air Quality Act (Act No 39 of 2004).

Between 2013 and 2017 Sasol undertook a process to apply for postponements from the compliance timeframes of the MES and Sasol has been granted certain postponements. However, new more stringent standards will come into effect from April 2020 and Sasol will be challenged to meet the 2020 new plant standards in certain instances.

Sasol therefore intends to apply for postponements from the compliance timeframes for its bio-sludge and high organic waste (HOW) incinerators; steam plant boilers; Synfuels catalytic cracker (SCC) unit; and storage tanks that form part of SSO and the ammonium nitrate unit and storage tanks that form part of SCO.

Part 2 of the MES allows for application for postponement of certain requirements. As part of the application, Sasol must submit an atmospheric impact report (AIR) supported by detailed justification and reasons for the application and must also undertake a public participation process in accordance with the Environmental Impact Assessment Regulations. Sasol has appointed SRK Consulting (South Africa) (Pty) Ltd (SRK) to assist it in preparing the motivation report that will detail SSO's and SCO's justification and reasons for the application, and to undertake the public participation process. Airshed Planning Professionals (Pty) Ltd (Airshed) has been appointed to prepare the AIR in support of a motivation report.

The draft motivation report and AIR will be available for public comment before the end of December 2018, however the official comment period will be from Monday 7 January 2019 to Wednesday 6 February 2019. Electronic versions of the reports and comment sheets will be available on SRK's website at: <https://www.srk.co.za/en/za-sasol-2019-mes-postponement-applications>. Electronic copies are also available on request from the stakeholder engagement office at SRK. In addition, printed copies of the report and comment sheets will be available at the following publicly accessible venues for stakeholders to view and comment on:

Public Place	Address	Contact	Telephone
Public Library	Laurens Muller Street, Secunda	Tersa Griesel	017 620 6175
Govan Mbeki Local Municipality	Horwood Street, Secunda	Reception	017 620 6279
Sasol Charlie 1 Main Entrance	Frans Du Toit Street, Secunda	Reception	017 610 1111

To facilitate comment on the draft motivation report and AIR, a public open day will be held as follows:

Date	Time	Venue	Venue Contact Details
Tuesday, 22 January 2019	09h00 – 16h00	The Sasol Secunda Recreation Club, Nelson Mandela Drive, Secunda	017 610 0473

## 34 CRUCIAL TIPS FOR YOUR NEXT JOB INTERVIEW

**COMMON NONVERBAL MISTAKES MADE DURING JOB INTERVIEWS**

- 67% Fail to make eye contact
- 47% Have little knowledge of the company
- 38% Don't smile
- 33% Have bad posture
- 33% Fidget too much
- 26% Have a weak handshake
- 21% Play with their hair or touch their face
- 21% Cross their arms over their chest
- 9% Use too many hand gestures

**STATISTICS SHOW THAT FIRST IMPRESSIONS ARE DETERMINED BY:**

- 55% The way you dress, act, and walk through the door
- 38% The quality of your voice, grammar, and confidence
- 7% The words you choose to say

**THINGS THAT HAVE AN IMPACT ON FIRST IMPRESSIONS**

- 70% of employers claim they don't want applicants to be overly fashionable or trendy
- 65% of hiring managers say clothes can be the deciding factor between two similar candidates

**BRIGHTLY-COLORED CLOTHING IS BAD**

**TOP 10 MOST COMMON INTERVIEW MISTAKES**

- 1 Over-explaining why you lost your last job
- 2 Conveying that you're not over using your last job
- 3 Lacking humor, warmth or personality
- 4 Not showing enough interest or enthusiasm
- 5 Inadequate research about a potential employer
- 6 Concentrating too much on what you want
- 7 Trying to be all things to all people
- 8 "Winging" the interview
- 9 Failing to set yourself apart from other candidates
- 10 Failing to ask for the job

**4 QUESTIONS MOST LIKELY TO BE ASKED**

- 1 What was your experience like at...?
- 2 Why do you want to work for us?
- 3 What do you know about our company?
- 4 Why did you leave your previous job?

**sasol**

ANSOEK OM UITSTEL VAN SEKERE VEREISTES VAN DIE WET OP NASIONALE OMGEWINGSBESTUUR: LUGGEHALTE, WET 39 VAN 2004 – MINIMUM EMISSIESTANDAARDE VIR SASOL SUID-AFRIKA BEPERK SE WERKSAAMHEDE IN SECUNDA

**UITNODIGING OM DEEL TE NEEM EN KOMMENTAAR TE LEWER**

Sasol Suid-Afrika Beperk (Sasol) wat deur Secunda Synfuels Operations (SSO) en Sasol Chemical Operations (SCO) werksaam is, besit en bedryf onder meer 'n petrochemiese fasiliteit in Secunda, Mpumalanga. SSO en SCO is in die Sasol Secunda-kompleks suid van sentraal-Secunda geleë. Daar word van Sasol vereis om aan die Minimum Emissiestandaard, 2013 (MES) te voldoen wat kragtens die Wet op Nasionale Omgewingsbestuur: Luggehalte, Wet 39 van 2004 uitgevaardig is.

Sasol het tussen 2013 en 2017 'n proses onderneem om aansoek te doen om uitstel van die nakomingspertyd van die MES en uitstel is wel aan Sasol toegeken. Nuwe, strengere standaarde sal egter vanaf April 2020 in werking tree en Sasol sal in sekere gevalle dit moeilik vind om in 2020 aan die nuwe aanlegstandaarde te voldoen.

Sasol is dus voornemens om aansoek te doen om uitstel van die nakomingspertyd vir sy bioslyk- en hoë-organiese-afvalverbranders (HOW); stoomaanlegketels; sintetiese brandstof-katalitiese krakerenheid (SCC); en opgaartenks wat deel uitmaak van SSO, en die ammoniumnitraat-eenheid en opgaartenks wat deel uitmaak van SCO.

Deel 2 van die MES maak voorsiening vir aansoek om uitstel van sekere vereistes. Sasol moet as deel van die aansoek 'n atmosferiese impakverslag (AIR) indien, ondersteun deur 'n breed voerige regverdiging en redes vir die aansoek, en moet ook kragtens die Omgewingsimpakbeoordelings-regulasies 'n openbare deelnameproses onderneem. Sasol het SRK Consulting (Suid-Afrika) (Edms) Bpk aangestel om behulpsaam te wees met die voorbereiding van die motiveringsverslag wat SSO en SCO se regverdiging en redes vir die aansoek uiteensit, en om die openbare deelnameproses te hanteer. Airshed Planning Professionals (Pty) Ltd (Airshed) is aangestel om die AIR ter ondersteuning van 'n motiveringsverslag op te stel.

Die konsep-motiveringsverslag en AIR sal voor die einde Desember 2018 vir openbare kommentaar beskikbaar wees, maar die amptelike tydperk vir die lewering van kommentaar sal vanaf **Maandag 7 Januarie 2019 tot Woensdag 6 Februarie 2019** wees. Elektroniese weergawes van die verslae en kommentaar blaai sal op SRK se webwerf by <https://www.srk.co.za/en/za-sasol-2019-mes-postponement-applications> beskikbaar wees. Elektroniese afskrifte is ook beskikbaar op versoek van die belanghebbende-skakelkantoer by SRK. Gedrukte afskrifte van die verslag en kommentaar blaai sal ook by die volgende openbare plekke toeganklik wees vir belanghebbendes om te besigtig en kommentaar op te lewer:

Openbare plek	Adres	Kontak	Telefoon
Openbare Biblioteek	Laurens Muller Straat, Secunda	Tersa Griesel	017 620 6175
Govan Mbeki Plaaslike Munisipaliteit	Horwood Straat, Secunda	Ontvangs	017 620 6279
Sasol Charlie 1 Hoofingang	Frans Du Toit Straat, Secunda	Ontvangs	017 610 1111

Ten einde kommentaar op die konsep-motiverings verslag en AIR te fasiliteer, sal 'n openbare opedag soos volg gehou word:

Datum	Tyd	Lokaal	Kontakbesonderhede vir die ligging
Dinsdag, 22 Januarie 2019	09h00 – 16h00	Sasol Secunda Ontspanningsklub, Nelson Mandela Rylaan, Secunda	017 610 0473

# Learners scoop Gold Award during SAIIA Symposium

Levhuwani Matumba

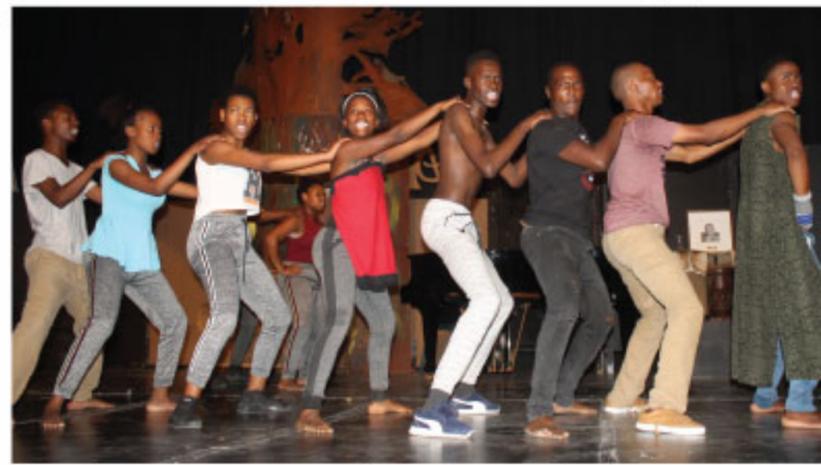

Mbali Mhlongo and Lwandile Nkosi from Kiriyaatswane Secondary School received the Best Delegation Gold Award during the Young Researchers Symposium, hosted by SA Institute of Institutional Affairs, at Wits University last Wednesday, 5 December. Their presentation was based on biodiversity and environmental governance and they competed against 11 teams from other provinces. Some of the key elements included poor service delivery by the local municipality. According to the trio, the waste management within Govan Mbeki Municipality is dysfunctional and maintenance on municipal infrastructure remains a major challenge, resulting in sewage running into the local river. The pollution of the Vaal River influenced them to choose their topic. During their presentation

they said they realized the sewage leaks in their local river could also be contributing to problems such as those in the Vaal. One of the adjudicators said the Kiriyaatswane girls did a great work with their research. "They highlighted the lack of involvement between stakeholders, which is very important. They identified and described problems and went to come up with solutions to those problems," said the adjudicator. The three learners also introduced competition of

the best, clean classroom at their school to reduce littering within their school premises. Mr Siphos Sibeko congratulated the three learners and further mentioned that it was a great experience working with them. He said before they announced the winner, the adjudicators asked other learners who they think are the winners. "They all mentioned Kiriyaatswane," said Mr Sibeko. The three learners scooped many other awards during the year. He added that the three girls always bring challenge outside the classroom.

Lwandile Luyanda Nkosi, Mbalenhle Ntshangase and Mbali Mhlongo were presented with the Best Delegation Award during the SAIIA Young Researchers Symposium. With them was Mr Siphos Sibeko (teacher).

Siyanqoba Performing Arts at Johann Stegmann Theatre.

## Local group raise social challenges through fine art

Siyanqoba Performing Arts led their audience to laughter and tears as they told stories about community social ills through theatre drama. Their performance included overspending using credit cards and the consequences thereafter. It showed how people in townships live beyond their means just to prove a point to their neighbours. Another play was about eMbalenhle illegal dumping. The group asked for the community to support them by attending their shows.

A play about overspending and sufferings from loan sharks.

# Listen to Afternoon Drive with Xolani

Obri Xolani Khumalo kaMsibi (also known as Tyrese or the Black King) hosts the Afternoon Drive Show on Eastern Highveld fm. The show is between 12h00 midday and 3pm. He joined the show on 4 November 2018 and already has 2300 listeners. Eastern Highveld Radio Station broadcast live for Govan Mbeki Municipality residents and currently waiting for Icasa licence. He said his show plays soulful music which is Soul, RnB, Afro Soul and smooth Jazz. Apart from being a radio show host, he is also a DJ and shared the stage with radio presenters such as Wilson B Nkosi of Metro fm and Paul Mtirara of Radio 702. According to Tyrese, he also get gigs from all provinces. Born and bred in Leandra, Tyrese fell for the entertainment industry at a very young age. He was involved in community theatre and African contemporary dance. According to the Black King, he worked with well-known actors such as Sphiwe Nkosi and Hamilton Dlamini of Emzini Wezinsizwa. The multi-talented Xolani was also a kwaito artist. The Black King also believes in giving back to the community and he donates

sanitary towels for primary school girls and was part of the Leandra Kids Picnic Project. He urged the public to listen to his show online [www.easternhighveldfm.caster.fm/](http://www.easternhighveldfm.caster.fm/). Tyrese is also available for bookings at [tyresesouldj@gmail.com](mailto:tyresesouldj@gmail.com) or 072 346 4554 or follow him of Facebook page Tyrese-Obri Msibi.

ISICELO SOKUHLHLISWA KWEZIFUNENKO EZITHILE ZOMTHETHO KAZWELONKE WOKUNGANYELWA KWEMVELO: UMTHEHO WEKHWALITHI YOMOYA ENGUNOMBOLO 39 WANGOWEZI-2004 AMAZINGA OKUKHAFULWAYO ANQUNYIWE, KWA-SASOL SOUTH AFRICA LIMITED OPERATIONS E-SECUNDA

### ISIMEMO SOKUZIBANDAKANYA NOKUPHAWULA

Abakwa-Sasol South Africa Limited (Sasol) abasebenza nge-Secunda Synfuels Operations (SSO) ne-Sasol Chemical Operations (SCO) bangabanikazi futhi basebenza isikhungo samakhemikhali kaphethiloli eSecunda, eMpumalanga, phakathi kwezinye. Ama-SSO nama-SCO atholakala e-Sasol Secunda complex eningizimu nenkaba yaseSecunda. U-Sasol unesibopho sokuthobela amaZinga Okukhafulwayo Anqunywe, anga-2013 (MES), ashicilelwa ngokoMthetho Kazwelonke Wokunganyelwa Kwemvelo: UMTHEHO WEKHWALITHI YOMOYA (uMthetho onguNombolo 39 wezi-2004).

Phakathi konyaka ka-2013 no-2017 u-Sasol waqala inqubo yokufaka izicelo zokuhlhliswa kwezinsuku ezingumqamulajuqu zokuthotshelwa kwama-MES kanti u-Sasol usetholile imvume yokuhlhliswa kwezinsuku lezo. Nokho-ke, amanye amazanga aqine ngokungaphezulu azoqala ukusebenza ngo-Ephreli 2020 kanti u-Sasol uzoba nenselele yokuhlangabezana namazinga esikhungo esisha sika-20202 kwezinye izimo.

U-Sasol ngakho-ke usophe ukufaka isicelo sokuhlhliswa kwezikhathi ezinqunywe zokuthobela ezibekelwe ama-incinerator abo emfucuzi zodoti wemvelo (HOW); ama-steam plant boilers; iyunithi ye-Synfuels catalytic cracker (SCC); kanye namathangi okulondoloza ayingxenyi ye-SSO kanjalo neyunithi ye-ammonium nitrate namathangi okulondoloza ayingxenyi ye-SCO.

Ingxenyi yesi-2 yama-MES ivumela isicelo sokuhlhliswa kwezifuneko ezithile. Njengengxenyi yesicelo, abakwa-Sasol kufanele balethe umbiko womthetho emoyeni (AIR) yesekwe yizizathu eziningiliziwe zokufakwa kwesicelo futhi kufanele baqale inqubo yokubandakanywa komphakathi ngokuhambisana Nezimiso Zokuhlolwa Komthelela Kwezemvelo. U-Sasol uqoke abakwa-SRK Consulting (South Africa) (Pty) Ltd (SRK) ukuba basize ukulungiselela umbiko wokusekela lokho ozobeka imininingwane eningiliziwe yokweseka nezizathu za-SSO ne-SCO ezizohambisana nesicelo, kanye nokuba baqalise inqubo yokubandakanywa komphakathi. Abakwa-Airshed Planning Professionals (Pty) Ltd (Airshed) bona baqokelwe ukuba balungise i-AIR ezokweseka umbiko wokukhuthaza.

Umbiko wokukhuthaza owuhlaka kanye ne-AIR uzotholakala ngaphambi kokuphela kukaDisemba 2018, nokho inkathi yokuqala kokulethwa kwemibono yona iziqala ngokusemthethweni ngoMsombuluko mhla ziyi-7 Januwari 2019 kuya ngoLwesithathu mhla ziyi-6 Febhuwari 2019. Iveshini eku-inthanethi yemibili namaphepha okuphawula kona kuzotholakala kuwebhusayithi yakwa-SRK lapha: <https://www.srk.co.za/en/za-sasol-2018-mes-postponement-applications>. Amakhophi e-inthanethi nawo ayatholakala uma eceliwe ehhovisi lokuxhumana nababambiqhaza kwa-SRK. Ukwengeza kulokho, amakhophi aqhrintiwe ombiko nephepha lokuphawula kuzotholakala ezindaweni zomphakathi ukuze ababambiqhaza bakubone futhi baphawule ngako lapha:

Izindawo zomphakathi	Ikheli	Okuxhunywana naye	Ucingo
Public library	Laurens Muller street, Secunda	Tersa Griesel	017 620 6175
Govan Mbeki local municipality	Horwood street, Secunda	Reception	017 620 6279
Sasol Charlie 1 main entrance	Frans Du Toit Street, Secunda	Reception	017 610 1111

Ukuze kwamukelwe imibono mayelana nombiko wokugquzela owuhlaka ne-AIR, umihlangano yomphakathi owdwa uzobanjelwa ezindaweni elandelayo:

Usuku	Isikhathi	Indawo	Imininingwane Yokuxhumana Yasendaweni
ULwesibili 22 Januwari 2019	09h00 – 16h00	The Sasol Secunda recreation club, Nelson Mandela drive, Secunda	017 610 0473

Ukuqinisekisa ukuthamela kwakho, ukuletha imibono yakho noma ukuze uthole ulwazi oluthe xaxa uyacelwa ulandele ilinki engezansi eya kusayithi yokubhalisa ku-inthanethi noma uthinte u-Philippa Burmeister or Romi Bellusci at SRK:

Ucingo: +27(0)31 279 1200 Ifeksi: +27(0)31 279 1204

**AANSOEK OM UITSTEL VAN SEKERE VEREISTES VAN DIE WET OP NASIONALE OMGEWINGSBESTUUR: LUGGEHALTE, WET 39 VAN 2004 – MINIMUM EMISSIESTANDAARDE VIR SASOL SUID-AFRIKA BEPERK SE WERKSAAMHEDE IN SECUNDA**

**UITNODIGING OM DEEL TE NEM EN KOMMENTAAR TE LEWER**

Sasol Suid-Afrika Beperk (Sasol) wat deur Secunda Synfuels Operations (SSO) en Sasol Chemical Operations (SCO) werksaam is, besit en bedryf onder meer 'n petrochemiese fasiliteit in Secunda, Mpumalanga. SSO en SCO is in die Sasol Secunda-kompleks suid van sentraal-Secunda geleë. Daar word van Sasol vereis om aan die Minimum Emissiestandaarde, 2013 (MES) te voldoen wat kragtens die Wet op Nasionale Omgewingsbestuur: Luggehalte, Wet 39 van 2004 uitgevaardig is.

Sasol het tussen 2013 en 2017 'n proses onderneem om aansoek te doen om uitstel van die nakomingspertyd van die MES en uitstel is wel aan Sasol toegeken. Nuwe, strengere standaarde sal egter vanaf April 2020 in werking tree en Sasol sal in sekere gevalle dit moeilik vind om in 2020 aan die nuwe aanlegstandaarde te voldoen.

Sasol is dus voornemens om aansoek te doen om uitstel van die nakomingspertyd vir sy bioslyk- en hoë-organiese-afvalverbranders (HOW); stoomaanlegketels; sintetiese brandstof-katalitiese krakerenheid (SCC); en opgaartenks wat deel uitmaak van SSO, en die ammoniumnitraat-eenheid en opgaartenks wat deel uitmaak van SCO.

Deel 2 van die MES maak voorsiening vir aansoek om uitstel van sekere vereistes. Sasol moet as deel van die aansoek 'n atmosferiese impakverslag (AIR) indien, ondersteun deur 'n breedvoerige regverdiging en redes vir die aansoek, en moet ook kragtens die Omgewingsimpakbepaling-regulasies 'n openbare deelnameproses onderneem. Sasol het SRK Consulting (Suid-Afrika) (Edms) Bpk aangestel om behulpsaam te wees met die voorbereiding van die motiveringsverslag wat SSO en SCO se regverdiging en redes vir die aansoek uiteensit, en om die openbare deelnameproses te hanteer. Airshed Planning Professionals (Pty) Ltd (Airshed) is aangestel om die AIR ter ondersteuning van 'n motiveringsverslag op te stel.

Die konsep-Motiveringsverslag en AIR is beskikbaar vir openbare kommentaar. Die amptelike tydperk vir die lewering van kommentaar sal vanaf **Maandag 7 Januarie 2019 tot Woensdag 6 Februarie 2019** wees. Elektroniese weergawes van die verslae en kommentaarblaaie is op SRK se webwerf by <https://www.srk.co.za/en/za-sasol-2019-mes-postponement-applications> beskikbaar. Elektroniese afskrifte is ook beskikbaar op versoek van die belanghebbende-skakelkantoor by SRK. Gedrukte afskrifte van die verslag en kommentaarblaaie sal ook by die volgende openbare plekke toeganklik wees vir belanghebbendes om te besigtig en kommentaar op te lewer:

Openbare Plek	Adres	Kontak	Telefoon
Openbare Biblioteek	Laurens Mullerstr, Secunda	Tersa Griesel	017 620 6175
Govan Mbeki Plaaslike Munisipaliteit	Horwoodstr, Secunda	Ontvangs	017 620 6279
Sasol Charlie 1-Hoofingang	Frans Du Toitstr, Secunda	Ontvangs	017 610 1111

Ten einde kommentaar op die konsep-motiveringsverslag en AIR te fasiliteer, sal 'n openbare opedag soos volg gehou word:

Datum	Tyd	Lokaal	Telefoon
Dinsdag 22 Januarie 2019	09:00-16:00	Die Sasol Secunda-ontspanningsklub, Nelson Mandela-rylaan, Secunda	017 610 0473

**APPLICATION FOR POSTPONEMENT OF CERTAIN REQUIREMENTS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT: AIR QUALITY ACT NO 39 OF 2004 MINIMUM EMISSION STANDARDS, FOR SASOL SOUTH AFRICA LIMITED OPERATIONS IN SECUNDA**

**INVITATION TO PARTICIPATE AND COMMENT**

Sasol South Africa Limited (Sasol) operating through Secunda Synfuels Operations (SSO) and Sasol Chemical Operations (SCO) owns and operates a petrochemical facility in Secunda, Mpumalanga, among others. SSO and SCO are located in the Sasol Secunda complex south of central Secunda. Sasol is required to comply with Minimum Emission Standards, 2013 (MES), published in terms of the National Environmental Management: Air Quality Act (Act No 39 of 2004).

Between 2013 and 2017 Sasol undertook a process to apply for postponements from the compliance time frames of the MES and Sasol has been granted certain postponements. However, new more stringent standards will come into effect from April 2020 and Sasol will be challenged to meet the 2020 new plant standards in certain instances.

Sasol therefore intends to apply for postponements from the compliance timeframes for its bio-sludge and high organic waste (HOW) incinerators; steam plant boilers; Synfuels catalytic cracker (SCC) unit; and storage tanks that form part of SSO and the ammonium nitrate unit and storage tanks that form part of SCO.

Part 2 of the MES allows for application for postponement of certain requirements. As part of the application, Sasol must submit an atmospheric impact report (AIR) supported by detailed justification and reasons for the application and must also undertake a public participation process in accordance with the Environmental Impact Assessment Regulations. Sasol has appointed SRK Consulting (South Africa) (Pty) Ltd (SRK) to assist it in preparing the motivation report that will detail SSO's and SCO's justification and reasons for the application, and to undertake the public participation process. Airshed Planning Professionals (Pty) Ltd (Airshed) has been appointed to prepare the AIR in support of a motivation report.

The draft motivation report and AIR is available for public comment. The official comment period will be from **Monday 7 January 2019 to Wednesday 6 February 2019**. Electronic versions of the reports and a comment sheets will be available on SRK's website at: <https://www.srk.co.za/en/za-sasol-2019-mes-postponement-applications>. Electronic copies are also available on request from the stakeholder engagement office at SRK. In addition, printed copies of the report and comment sheets will be available at the following publicly accessible venues for stakeholders to view and comment on:

Public Place	Address	Contact	Telephone
Public Library	Laurens Muller St, Secunda	Tersa Griesel	017 620 6175
Govan Mbeki Local Municipality	Horwood St, Secunda	Reception	017 620 6279
Sasol Charlie 1 Main Entrance	Frans Du Toit St, Secunda	Reception	017 610 1111

To facilitate comment on the draft motivation report and AIR, a public opedag will be held as follows:

Date	Time	Venue	Telephone
Tuesday 22 January 2019	09:00-16:00	The Sasol Secunda Recreation Club, Nelson Mandela Drive, Secunda	017 610 0473

# GSDM leads the country with EPWP job creation

In its sitting recently, GSDM Council was very delighted to receive a progress report by the Executive Mayor Muzi Chirwa on the implementation of the Expanded Public Works Programme (EPWP). The report indicated that Gert Sibande District was one of the top three district municipalities in the country successfully implementing the EPWP programme. A presentation made by National Department of Public Works presented at the National Extended Public Works Programme (EPWP) Summit held at St Georges Hotel in Gauteng on the 13th & 14th of November 2018 revealed that Gert Sibande

District Municipality is one of the three district municipalities throughout the country that has performed above 100% against the targets on the Work Opportunities (WOs) created. In addition, the same report revealed that Gert Sibande is the only district municipality in the country that has achieved above 100% against its targets in the Full-Time-Equivalent (FTEs). In simple terms, this means that, using a universal formula provided by the National Department of Public Works, when a calculation of work opportunities provided is measured as equivalents of full time job opportunities, GSDM became the only district,

compared to other districts and metros, to achieve above its targets. The Work Opportunities and Full Time Equivalents combined, puts the Gert Sibande District Municipality on the top of the list for all districts and metros throughout South Africa. GSDM's recent EPWP programme included Siyathuthuka Community Programme (formerly known as Phezukomkhono), Security personnel, traffic counts, cleaning projects, water and sanitation infrastructure construction; and construction of the Disaster Centre in Dr Pixley Ka Isaka Seme municipal area.

Ms Shulelo Matea was one of the parents who were excited to see their children go back to school on Wednesday, 9 January.

Nkomazi residents taking pictures with Mr Bheki Cele at Naas Plaza.

## Police Minister visits Mpumalanga

Police Minister Bheki Cele visited Mpumalanga Province (Nkomazi Area) during the festive seasons. During his visit, the minister had time to engage the community on crime. The community of Naas in Nkomazi told the minister to beef up security at the border gates. "We are now even afraid to buy vehicles because they get stolen

and cross the border," said one resident. Others raised concern of police not monitoring taverns. They said taverns open the whole night and make loud noise. Another woman said she lives near the tarven and her children struggles to study because of the loud music from the tavern. Minister Cele promised to attend to their issues.

Gugu Nhlambo also had the opportunity to speak to the Police Minister. She is from Kinross and saw the minister when she was on her way to Mbuzini for Christmas holidays.

ISICELO SOKUHLHLISWA KWEZIMFUNENKO EZITHILE ZOMTHETHO  
KAZWELONKE WOKUNGANYELWA KWEMVELO: UMTHETHO  
WEKHWALITHI YOMOYA ENGUNOMBOLO 39 WANGOWEZI-2004  
AMAZINGA OKUKHAFULWAYO ANQUNYIWE, KWA-SASOL SOUTH AFRICA  
LIMITED OPERATIONS E-SECUNDA

### ISIMEMO SOKUZIBANDAKANYA NOKUPHAWULA

Abakwa-Sasol South Africa Limited (Sasol) abasebenza nge-Secunda Synfuels Operations (SSO) ne-Sasol Chemical Operations (SCO) bangabanikazi futhi basebenza isikhungo samakhemikhali kaphethiloli e-Secunda, eMpumalanga, phakathi kwezinye. Ama-SSO nama-SCO atholakala e-Sasol Secunda complex eningizimu nenkaba yase-Secunda. U-Sasol unesibopho sokuthobela amaZinga Okukhafulwayo Anqunywe, anga-2013 (MES), ashicilelwa ngokoMthetho Kazwelonke Wokunganyelwa Kwemvelo: UMthetho Wekhwalthi Yomoya (uMthetho onguNombolo 39 wezi-2004).

Phakathi konyaka ka-2013 no-2017 u-Sasol waqala inqubo yokufaka izicelo zokuhlhliswa kwezinsuku ezinamqamulajuqu zokuthotshelwa kwama-MES kanti u-Sasol usetholele imvume yokuhlhliswa kwezinsuku lezo. Nokho-ke, amanye amazinga aqine ngokungaphezulu azoqala ukusebenza ngo-Ephreli 2020 kanti u-Sasol uzoba nenselele yokuhlangabezana namazinga esikhungo esisha sika-20202 kwezinye izimo.

U-Sasol ngakho-ke usophe ukufaka isicelo sokuhlhliswa kwezikhathi ezinqunywe zokuthobela ezibekelwe ama-incinerator abo emfucuzo zodoti wemvelo (HOW); ama-steam plant boilers; iyunithi ye-Synfuels catalytic cracker (SCC); kanye namathangi okulondoloza ayingxenye ye-SSO kanjalo neyunithi ye-ammonium nitrate namathangi okulondoloza ayingxenye ye-SCO.

Ingxenye yesi-2 yama-MES ivumela isicelo sokuhlhliswa kwezimfuneko ezithile. Njengengxenye yesicelo, abakwa-Sasol kufanele balethe umbiko womthethela emoyeni (AIR) yesekwe yizizathu eziningilizwe zokufakwa kwesicelo futhi kufanele baqale inqubo yokubandakanywa komphakathi ngokuhambisana Nezimiso Zokuhlola Komthelela Kwezemvelo. U-Sasol uqoke abakwa-SRK Consulting (South Africa) (Pty) Ltd (SRK) ukuba basize ukulungiselela umbiko wokusekela lokhu ozobeka iminingwane eningilizwe yokweseka nezizathu za-SSO ne-SCO ezizohambisana nesicelo, kanye nokuba baqalise inqubo yokubandakanywa komphakathi. Abakwa-Airshed Planning Professionals (Pty) Ltd (Airshed) bona baqokelwe ukuba balungise i-AIR ezokweseka umbiko wokukhuthaza.

Umbiko wokukhuthaza owuhlaka kanye ne-AIR itholakala ukuze umphakathi ubeke amazwana, isikhathi sokuphawula esisemthethweni sisuka ngoMsombuluko mhla ziyi-7 Januwari 2019 kuya ngoLwesithathu mhla ziyi-6 Febhuwari 2019. Iveshini eku-inthanethi yemibili namaphepha okuphawula kona ayatholakala kuwebhusayithi yakwa-SRK lapha: <https://www.srk.co.za/en/za-sasol-2019-mes-postponement-applications>. Amakhapho e-inthanethi nawo ayatholakala uma eceliwe ehhovisi lokuxhumana nababambiqhaza kwa-SRK. Ukwengeza kulokho, amakhophi aphrintiwe ombiko nephepha lokuphawula kuzotholakala ezindaweni zomphakathi ukuze ababambiqhaza bakubone futhi baphawule ngako lapha:

Izindawo zomphakathi	Ikheli	Okuxhunywana naye	Ucingo
Public library	Laurens Muller street, Secunda	Tersa Griesel	017 620 6175
Govan Mbeki local municipality	Horwood street, Secunda	Reception	017 620 6279
Sasol Charlie 1 main entrance	Frans Du Toit Street, Secunda	Reception	017 610 1111

Ukuze kwamukelwe imibono mayelana nombiko wokugqaguzela owuhlaka ne-AIR, umihlangano yomphakathi owdwa uzoobanjelwa endaweni elandelayo:

Usuku	Isikhathi	Indawo	Iminingwane Yokuxhumana Yasendaweni
ULwesibili 22 Januwari 2019	09h00 – 16h00	The Sasol Secunda recreation club, Nelson Mandela drive, Secunda	017 610 0473
