

**NOTICE OF APPLICATION FOR A WASTE LICENCE IN TERMS OF THE
NATIONAL ENVIRONMENTAL MANAGEMENT: WASTE ACT, FOR A
REPULPER AND RECOVERED FIBRE PLANT AT SAPPI ENSTRA PAPER
MILL, SPRINGS, EKURHULENI.**

REF NO. Gaut 002/11-12/W0019

Notice is given in terms of the National Environmental Management: Waste Act (Act No. 59 of 2008) and GNR 718 (No. 32368 of 3 July 2009) for the following activities:

- 3(1) The storage, including the temporary storage, of general waste at a facility that has the capacity to store in excess of 100 m³ of general waste at any one time. Planned storage of bales of off cuts on an existing concrete slab.
- 3(5) The sorting, shredding, grinding or bailing of general waste at a facility that has the capacity to process in excess of one ton of general waste per day. Bales of off-cuts will be taken apart placed on a conveyor and screened into fine and course streams.
- 3(7) The recycling or re-use of general waste of more than 10 tons per month. The reuse of off cuts of HL1 (White heavy letters such as white woodfree letter papers, office records, printed or written upon, free of covers, bindings, clips, string, rubber bands, latex, plastic and adhesives), K3 (New uncontaminated corrugated offcuts, usually obtained from box makers) and K4 (Used corrugated containers, free from wax, plastic, oil and tar).
- 3(18) The construction of facilities for activities listed in Category A of this Schedule (not in isolation to associated activity). Construction of a conveyor belt, fine and coarse screener.

SRK Consulting has been appointed to submit the Waste Licence Application and undertake a Basic Environmental Impact Assessment to inform the environmental authorisation decision for the project.

Should you wish to make any comment or to receive further information on the proposed project contact Ian Minnaar at SRK Consulting:
